Re: Annual Report of Regional Plan Implementation

Dear Mr. West:

Middle Georgia Regional Commission (MGRC) has completed an annual report of accomplishments and an update of local government performance standards based on the 2024 Middle Georgia Regional Plan. This annual report is enclosed for review by the Georgia Department of Community Affairs.

I certify that MGRC held the required public hearing on this submission during the regularly scheduled MGRC Council meeting, March 13, 2025, at 5:30 pm. A draft of the minutes from this meeting has been included as evidence of this public hearing. No comments were received on the report.

I also certify that MGRC staff followed the requirements of the Standards and Procedures for Regional Planning, Chapter 110-12-6, dated October 1, 2017. This report considers other statewide and regional planning efforts, including but not limited to Georgia's Strategic Comprehensive Outdoor Recreation Plan, Upper Oconee Regional Water Plan, Middle Ocmulgee Regional Water Plan, Middle Georgia Comprehensive Economic Development Strategy (CEDS), Macon Area Transportation Study (MATS), Long Range Transportation Plan (LRTP), Warner Robins Area Transportation Study (WRATS) Metropolitan Transportation Plan (MTP), and the regional plans of all regional commissions adjacent to Middle Georgia.

If you have any questions concerning our submittal, please contact Greg Boike, Director of Planning and Public Administration, at (478) 751-6160 or gboike@mg-rc.org.

Sincerely,

A handwritten signature in blue ink that reads 'Laura M. Mathis'.

2025 Annual Implementation Report

REPORT OF LOCAL GOVERNMENT PERFORMANCE STANDARDS

Middle Georgia consists of 11 counties and 20 cities located within approximately one hour of the geographic center in Macon-Bibb County. Each of these counties and associated cities have resources, challenges, and opportunities that cross their individual borders. The regional plan is mandated by the Georgia Planning Act (O.C.G.A. 45-12-200, et seq., and 50-8-1, et seq), and has been drafted under the standards established by the Georgia Department of Community Affairs (DCA). Among the planning regulations is a requirement that the Middle Georgia Regional Commission (MGRC) provide recommendations of both Essential Standards and Excellence Standards for which local governments should strive.

A summary of local government statuses can be seen in the table below.

MGRC ASSISTANCE TO LOCAL GOVERNMENTS

The Middle Georgia Regional Commission is dedicated to ensuring that every local government is able to meet all Essential (minimum) Standards of the Regional Agenda. Regional Commission staff will assist local governments with any tasks necessary to attain the Essential Standards at minimal or no cost. As of March 27, 2025, twenty-three of the thirty-one local governments have achieved either the Essential or Excellence Standards. The full list of Excellence Standards can be found in the 2024 Regional Plan. The Essential Standards are reproduced below:

- ✓ Local Comprehensive Plans shall be updated with all required elements on their respective timelines, as approved by the Georgia Department of Community Affairs.
- ✓ A Service Delivery Strategy shall be negotiated and agreed upon as required under state law.
- ✓ Local governments shall participate in the development of the Comprehensive Economic Development Strategy (CEDS) for the Middle Georgia Region.
- ✓ Local governments shall comply with all Georgia Department of Natural Resources (DNR) Rules for Environmental Planning Criteria.
- ✓ A pre-disaster mitigation plan shall be approved by the Georgia Emergency Management Agency (GEMA) and adopted by each local government in accordance with state guidelines.
- ✓ Local governments shall comply with Georgia Department of Community Affairs State Reporting Requirements, particularly the Government Management Indicators Survey, the Report of Local Government Finance, and (if applicable) the Hotel/Motel Tax Report.
- ✓ All local governments shall comply with the appropriate audit requirements set forth in O.C.G.A. §36-81-7.
- ✓ Each local government shall periodically review its expenses and revenues and adopt a budget that balances projected revenues and expenditures, consistent with the timeframe required by its local Charter, Code of Ordinances, or other relevant regulations.
- ✓ All local governments shall comply with the federal work authorization program (E-Verify).
- ✓ Each city and county shall have a functioning, up-to-date website, which provides basic contact information for local government staff and elected officials.

The 2017 changes to the Regional Planning Requirements (Rules and Regulations of the State of Georgia Chapter 110-12-6) eliminated penalties associated with communities that do not reach the Essential Standards set forth in the Regional Plan. However, MGRC still recognizes a responsibility to assist local governments however possible in the attainment of these standards. MGRC is currently undertaking the following activities to assist local governments in the attainment of the Essential Standards:

- MGRC staff transmits regular messages to all local governments that are delinquent on Department of Community Affairs (DCA) reports, including the Report of Local Government Finance (RLGF) and Government Management Indicators (GOMI) survey. MGRC also serves as a liaison between local communities and the DCA Office of Research and Surveys, as necessary.
- MGRC provides reminders of audit due dates and assists in preparing requests for qualifications (RFQs) for auditing services and can assist in evaluating these proposals.
 - MGRC assisted Eatonton with this service in FY 25, with the city returning to audit compliance.
- MGRC has offered website development services to the City of Culloden.

IMPLEMENTATION OF REGIONAL PLAN

The 2024-2029 Middle Georgia Regional Plan was adopted on August 8, 2024. As part of the annual assessment of the plan's progress, MGRC staff reviewed the current Vision Statement and Regional Goals as enumerated in the Regional Plan. As of this year's report, MGRC believes that the vision and goals continue to represent the strategic direction for the region. These policy statements can be found below.

VISION STATEMENT

Through the public planning process of stakeholder engagement, a shared vision for Middle Georgia was determined. The shared vision reflects regional values and desired future outcomes of achieving an innovative, thriving, community for all. The final vision statement for the region is:

Middle Georgia is a diverse region of opportunity where people want to live, innovate, and thrive. We are a region united by pride and mutual respect, where cooperation and collaboration expand the region's economic prosperity, provide an exceptional education for all residents, and ensure that every Middle Georgian has a high quality of life through the provision of effective local government services and the preservation of natural and cultural assets.

LIST OF REGIONAL GOALS

Where the regional vision is an aspirational, desired outcome, the regional goals start to sketch the most basic map toward achieving that vision. Regional goals are intended to generate pride and enthusiasm for the future, ensuring stakeholders work toward achieving the regional vision. A goal for each of the plan's topic areas is listed below in the priority order ranked by those who completed the regional plan survey.

Economic Development Goal:

Middle Georgia supports a growing and diverse regional economy. Workers are prepared for a variety of high-quality jobs that reflect the region's position as a hub of creativity and innovation.

Utility Infrastructure Goal:

All Middle Georgians have access to quality and affordable utility services to ensure a basic quality standard of living.

Housing Goal:

All residents in the region will have access to quality, safe, and affordable housing.

Transportation Goal:

Communities across Middle Georgia are well connected and benefit from an accessible multimodal transportation network that meets the needs of all its users and serves to expand economic opportunities throughout the region.

Healthcare and Aging Goal:

Older at-risk individuals, families, and caregivers will be provided excellence in care and services for assistance in living healthy and vibrant lives.

Natural and Cultural Resources Goal:

The region is recognized for the uniqueness of its natural and cultural resources and is a greater draw for visitors who value its rich and diverse assets.

Community Facilities and Services Goal:

Community facilities and services will support efficient growth and development that protect and enhance the quality of life in Middle Georgia.

Land Use Goal:

Land will be managed efficiently and sustainably to protect the health of citizens, improve economic vitality, and protect the natural resources of Middle Georgia.

Public Administration and Regional Cooperation Goal:

Middle Georgia leaders prioritize strong regional collaboration while ensuring that each city and county can provide quality services in a professional manner.

Broadband and Technology Goal:

Public services will be made more efficient and information will be widely accessible through innovation and technology, which will improve quality of life and economic vitality.

REPORT OF ACCOMPLISHMENTS

The Middle Georgia Regional Implementation Program contains action items for the Middle Georgia Regional Commission and its regional partners for the purpose of promulgating the opportunities and vision developed by stakeholders for the Regional Plan. The report on the following pages details accomplishments of the Regional Implementation Program through March 13, 2025. Projects are either listed as complete, underway, canceled, or ongoing (items that represent a continuous process for MGRC rather than a one-time project). Additional comments are provided in some areas where available.
