† The Census Tract numbers shown above are based on 2000 Census boundaries (i.e. TIGER 2000).

*** Census Tracts which have been designated by DCA as Military Zones (MZ) and are eligible to receive credit as a MZ.**

The above Census Tracts are all eligible to be designated as Military Zones. Unless noted, the local government must request formal designation from the Dept of Community Affairs to have the area designated as a Military Zone.

Designated census tracts have an effective date noted next to the tract. Eligible jobs created in a tax year beginning on or after the designation date may be considered for the Military Zone Job Tax Credit.

Census Tracts which have a "through" date noted in the last column will not be eligible to claim the credit for any net new jobs created in a tax year beginning on or after January 1, 2012, unless a Notice of Intent is filed with DCA by February 15, 2012 to extend the benefit of the Military Zone designation for an additional three years of job creation (i.e. 2012, 2013 and 2014).
