**Waitlist Management and Tenant Selection Plans**

Please indicate below that you understand and intend to manage your own site-based wait list, and please attach a copy of your tenant selection plan with submission of this application.

- This property will maintain its own site-based waitlist for PBV units and a copy of the tenant selection plan is attached.

**Deconcentrating Poverty Guidelines**

If the property is in a census tract with concentration of poverty greater than 20%, the applicant must submit supplemental documentation that the property location meets at least one of the following conditions:

- Demonstrating other ongoing local redevelopment activities, recent increases in market rate housing, and/or opportunities for low-income residents to access workforce opportunities.

Located in

- a HUD-designated Enterprise Zone, Opportunity Zone, or an Economic Community or Renewal Community;
- an area where the concentration of assisted units will remain steady or has decrease as a result of public housing demolition and HOPE VI redevelopment;
- an area that is undergoing significant redevelopment as a result of federal, state, and/or local investment;

- an area that has developed new or rehabilitated market rate units and decreased the concentration of poverty; or
- an area where the concentration of poverty has declined in the past five (5) years; and/or located in an area that provides meaningful employment and/or educational advancement to its residents.

**Site and Neighborhood Standards**

An existing or rehabilitating property must meet the following standards (please attach documentation confirming compliance with each of the below, as relevant):

- Be adequate in size, exposure, and contour to accommodate the number and type of units proposed;
- Have adequate utilities and streets available to service the site;
- Promote a greater choice of housing opportunities and avoid undue concentration of assisted persons in areas containing a high proportion of low-income persons;
- Be accessible to social, recreational, educational, commercial, and health facilities and services and other municipal facilities and services equivalent to those found in neighborhoods consisting largely of unassisted similar units; and
- Be located so that travel time and cost via public transportation or private automobile from the neighborhood to places of employment is not excessive.

A new construction site must meet the following standards (please attach documentation confirming compliance with each of the below, as relevant):

- Be adequate in size, exposure, and contour to accommodate the number and type of units proposed;
- Have adequate utilities and streets available to service the site;
- Promote a greater choice of housing opportunities and avoid undue concentration of assisted persons in areas containing a high proportion of low-income persons;
- Be accessible to social, recreational, educational, commercial, and health facilities and services and other municipal facilities and services equivalent to those found in neighborhoods consisting largely of unassisted similar units;
- Not located in an area of minority concentration unless sufficient, comparable opportunities exist for housing for minority families in the income range to be served by the proposed project outside areas of minority concentration or that the project is necessary to meet overriding housing needs that cannot be met in that housing market area;
- Not located in a racially mixed area if the project will cause a significant increase in the proportion of minority to non-minority residents in the area;
- Not located in a neighborhood that is seriously detrimental to family life or in which substandards dwellings or other undesirable conditions predominate; and
- Except for housing designed for elderly persons, the housing must be located so that travel time and cost via public transportation or private automobile from the neighborhood to places of employment is not excessive.
