Project Narrative

Jasmine Gardens

Brunswick, Glynn County

Introduction

Jasmine Gardens is a proposed 80 unit new construction affordable housing project to serve families in the Brunswick, GA community. The property will be a garden style apartment community offering a mix of one, two and three bedroom units in two and three story buildings on an approximate 5.14-acre site. The proposed project will compete for a 9% tax credit allocation from the rural set-aside pool.

Site Location

The site is situated off a major thoroughfare in unincorporated Glynn County with direct access to 1-95, nestled among surrounding uses including single-family homes as well as major retail centers and two high performing schools. The proposed project achieves high scores in the categories of proximity to desirable characteristics, stable communities, quality education, community transportation, sustainable development, healthy housing initiatives and leveraging of resources. Further the proposed projected proposes an innovative concept to help further the educational outcomes of Low-Income families by bridging the summer learning gap.

Property Characteristics

Jasmine Gardens will be a mixed income development, serving a wide band of tenants with units set-aside for 50% AMI, 60% AMI and market rate. The property further leverages public resources by utilizing a HUD insured 221d4 first mortgage loan. The property will participate in the EarthCraft Multifamily program, which represents the rating for sustainable development within the rural set-aside pool as per the QAP. The property will also exceed the Energy Star HERS index by 15%.

Innovative Concept

The project has identified research that shows the summer learning gap is larger for low-income families. A proposed concept seeks to leverage two national non-profits, Communities in Schools and the Boys and Girls Club to provide homework assistance, aftercare and summer camps. Further targeted classes will be incorporated into the summer program to bridge the summer learning gap for these families.

Healthy Housing Initiative

The residents of Jasmine Gardens will also have access to an onsite healthy housing initiative through a partnership with the Glynn County Department of Health. The DoH will provide onsite screenings for diabetes, blood pressure, HIV, and cholesterol. Further they will provide monthly teen pregnancy prevention and smoking cessation classes at the property.

Conclusion

Jasmine Gardens would provide quality new mixed-income housing for families in Brunswick, GA. The proposed project effectively leverages public resources to develop sustainable, mixed-income housing in an area of opportunity within a stable community that offers convenient access to desirable characteristics and quality education. The proposed project is sponsored by a development team that is highly experienced closing projects leveraged with federally insured debt to maximize the efficiency of tax credit resources. According to the criteria set forth in the GA QAP, the proposed project is an excellent candidate for a tax credit allocation.

V. APPLICANT COMMENTS AND CLARIFICATIONS	VI.	DCA COMMENTS - DCA USE ONLY
Construction Hard Costs: Determined by experienced contractor which has built similar projects designed by the same Architect.		
-Local Government Fees: Glynn County does not have any impact fees. Permit, Water & Sewer Tap Fees were calculated by a local professional engineer, after review of current city ordinances and fees.		
Permanent Loan fees includes \$73,500 for Lender fee, 6,300 in Apllication fee. Inspection Fee is included cell G57.		

PART FOUR (b) - OTHER COSTS - 2017-005 - Jasmine Gardens - Brunswick - Glynn, County

DCA requires the Applicant provide a narrative for all "Other" development costs listed on Part IV-Uses of Funds. For any amounts shown below the Applicant needs to provide an explanation of the cost incurred by the development. The narrative should be a brief description for DCA intended to justify its inclusion as a valid development cost. Further, if the "Other" cost is included into eligible basis, a second narrative is required describing its justification into tax credit basis. Expand row size as needed to show text.

Scoring Section 16 - Innovative Project Concept Narrative Jasmine Gardens Brunswick, Glynn County

The Owners of the project will collaborate with the local chapter of two national non-profits. The Boys and Girls Club of Southeastern Georgia ("BGC") and Communities in Schools of Glynn County ("CIS"). The applicant has identified a barrier to quality educational outcomes for low income families in the form of the summer learning gap. Extensive research shows the summer learning loss disproportionally affects low-income students. (RAND)

Research done by the RAND organization and The Wallace Foundation, shows that summer learning programs have the potential to help children and youth improve their academic outcomes. During summer vacation, many students lose knowledge and skills, on average students are one month behind where they left off. This loss is even greater for low-income students. This summer learning loss is disproportionate and cumulative, leading to the creation of an achievement gap for low-income students. Students who attend summer programs have better outcomes then similar peers who do not attend these programs. Cost and access to such programs are the main barriers for low-income families. (Rand iii – xvi; exhibit 370401JGRANDWhitepaper)

The applicant proposes to overcome these barriers by providing a unique and replicable concept. The project will provide an adequate space in the community building for two classrooms for at least 30 students. BGC will provide after school care, homework assistance and summer care onsite at a reduced rate of 25 dollars per week during the school year and 45 dollars a week during the summer (normally \$30 and \$50 respectively). By leveraging existing funding, that BGC receives with further reduced cost care on-site at the project location the cost and access barriers are mitigated.

The summer camp will further be supplemented by CIS. CIS currently works with the Glynn County school board as well as the Brunswick Housing Authority ("BHA"). They provide case coordinators to high risk students by bringing behavioral and academic resources from the community to the students. The students' progress will be monitored throughout the school year in the areas of grade promotion, grades, school attendance and behavior. CIS's work with the BHA has helped push the graduation rate from 52% to 83% at BHA's housing projects.

CIS's experienced staff will provide tailored tutoring and academic assistance in the form of summer learning classes during the summer camp. Reading and Math classes will be prioritized and individual learning plans will be created based on CIS's work with the school system. In this scenario, the students would be receiving year round support, both on the school site and during the summer months.

We believe that by working with existing non-profits who are entrenched in the community and with the school system, significant gains can be made to the educational outcomes for these students. Further, as these are national non-profits present in many communities this pilot program can be replicated in other properties.

Re: Application for Low-Income Housing Tax Credit and/or HOME Funding

To DCA:

This Application is submitted in accordance with the 2017 Qualified Allocation Plan and the Housing Finance and Development Division Manuals. In submitting this Application for funding consideration, the undersigned applicant hereby certifies:

- 1) I understand that, in the event an allocation (or an allowance) for LIHTCs was obtained with false information supplied to the Georgia Department of Community Affairs ("DCA"), DCA will recapture the LIHTCs or request that the IRS deny tax credits to the Applicant entity. Also, a supplier, including the developer or owner, who knowingly provides false information will be barred by DCA from program participation for a period of five (5) years from the date the false information was discovered, in accordance with a Memorandum of Understanding between the Internal Revenue Service and the Georgia Housing and Finance Authority.
- 2) I am responsible for ensuring the project consists or will consist of a qualified low-income building (or buildings) as defined in the Internal Revenue Code section 42(c)(2) and will satisfy all applicable requirements of State and Federal tax law in the acquisition, development and operation of the project to receive State and federal housing tax credits.
- 3) I am responsible for all calculations and figures relating to the determination of the eligible basis of the building(s). I understand and agree the amount of the credit is allocated by reference to the figures that I submit as to eligible and qualified basis. I understand that the actual amount of credit allocated may vary somewhat from the amount initially reserved or committed due to (a) the determination by the Georgia Department of Community Affairs ("DCA") as to the amount of credit necessary for the financial feasibility of the project and its viability as a qualified low-income housing project; (b) revisions in the calculations of eligible and qualified basis as finally determined; (c) fluctuations in the prevailing credit percentage; and (d) availability of the credit.
- 4) I understand and agree that DCA makes no representations or warranties regarding the financial feasibility of the project, the amount of credit, or the appropriateness of the allocation of the credit and makes no independent investigation as to the eligible and qualified basis and that any and all credit awards and credit amounts are solely based on representations made by me. I therefore agree to hold harmless and indemnify DCA and the individual directors, employees, members, officers, and agents of DCA in the event that I or anyone acting on my behalf, at my request or by and through me incurs any loss, injury, or damages in conjunction with the project including those that may result from any inquiries or gathering of information by DCA concerning the proposed project team or Application, diminution of the credit, loss of the credit, recapture of part or all of the credit, failure to allocate the credit requested in my Application or, the failure of DCA, in whole or in part, to grant my Application.
- 5) I understand and agree that neither DCA nor any of its individual directors, employees, members, officers, or agents assume any responsibility or make any representations or warranties with respect to: (i) the amount or availability of credit for the project; or (ii) the financial feasibility of the project.

- 6) I understand and agree that my Application for a low-income housing credit and/or HOME loan, all attachments thereto, amendments, and all correspondence relating to my Application in particular or the credit in general are subject to a request disclosure under the Georgia Open Records Act and I expressly consent to such disclosure. I further understand and agree that any and all correspondence to me from DCA, other DCA-generated documents, or documents to or from a third party in the possession of DCA relating to my Application are subject to a request for disclosure under the Georgia Open Records Act and I expressly consent to such disclosure under the Georgia Open Records Act and I expressly consent to such disclosure. I agree to hold harmless DCA and the individual directors, employees, members, officers, and agents of DCA against all losses, costs, damages, expenses, and liability of whatsoever nature or kind (including, but not limited to, attorneys' fees, litigation, and court costs) directly or indirectly resulting from or arising out of the release of all information pertaining to my Application pursuant to a request under the Georgia Open Records Act or resulting from or arising out of the release.
- 7) I understand and agree to authorize DCA access to information relevant to DCA's Application review. I understand that DCA may request an IRS Form 8821 for any Project Participant through final allocation of credits and/or disbursement of funds. Project Participants will complete Form 8821 upon DCA's request.
- 8) I understand that any misrepresentations, which includes fraudulent, negligent, and/or innocent, in this Application or supporting documentation may result in a withdrawal of tax credits and/or HOME loan by DCA, my (and related parties) being barred from future program participation, and notification of the Internal Revenue Service and/or HUD.
- 9) I certify that all sources of funds, including but not limited to Federal, State and local funding sources, have been disclosed and revealed.

In addition, Applicant understands:

- The above certifications are of a continuing nature and apply at all stages of the Application process: initial application, commitment, carryover allocation, and final allocation/funding.
- DCA must be notified of any subsequent events or information, which would change any statements or representations in the attached Application or amendments thereto;
- DCA reserves the right to verify all information or documents used in processing the Application, including requiring credit checks on all parties involved in the transaction. Applicant hereby authorizes the financing bank, accountant, mortgage lender, creditors, other state housing agencies and others sources identified in the Application to release information to DCA or its designee in order to verify the accuracy of information in the Application and amendments thereto.

Applicant agrees and understands that it may be charged for all fees and costs incurred by DCA in the inspection of funded properties during and after construction and in the enforcement of DCA regulations and policies.

Under penalty of perjury, to the best of my knowledge, I certify that all of the information in the attached Application, including all supporting documentation, is correct, complete and accurate.
