They will need to fill out the Tourism, Convention, and Tradeshow (TCT) Project Contractor Information Schedule (PCIS) form for you, in order for you to input this information into the report later

on.

Here is the PCIS form to send to your DMO:

Section III: Project Contractor Information Schedule

In this section, governments will submit and enter Project Contractor Information Schedules (PCIS) forms for restricted expenditures under Tourism Conventions and Tradeshow (TCT) and Tourism Product Development (TPD). If you don't have either of those expenditure types, hitting the next button will take you to the final, certification section.

This form needs to be sent to your contracted Destination Marketing Organization(s) (DMOs) (or other partner organizations) in order for them to fill out and send back to the government filling out this report. Your government will then both upload the completed PCIS form, AND complete

the corresponding section of this report. This way DCA both has record of what the DMO completed, and the data will be synthesized into our analytics system.
