

Office of Housing Finance Updates

February 24, 2023

Thank You!

Thank you for attending the 2023 Qualified Allocation Plan (QAP) Workshop. We hope you found the workshop informative and worthwhile. Our primary goal was to increase your understanding of the 2023 QAP, receive feedback to better our QAP in the future, and give insight to any questions or concerns on the 2023 QAP revisions. We are very grateful for the feedback shared with us and look forward to continued working relationships with our partners.

Please take a moment to answer this short survey to help us understand how to improve the QAP Workshop for next year ([click here](#)).
