

Notice of Inspection

In order to assess the condition of your property and to determine the level of assistance the program may be able to provide; you will be required to provide program inspectors access to your property.

- Inspections that require documentation of the exterior conditions of the home will not require you or your representative to be present, although you are always entitled to be present.
- Inspections that require documentation of the interior conditions of your home will require a pre-scheduled appointment and will require you or your representative to be present for the entire inspection.
