

GEORGIA DEPARTMENT OF COMMUNITY AFFAIRS

SERVICE DELIVERY STRATEGY  
FOR WALTON COUNTY

OLD

I. GENERAL INSTRUCTIONS

1. Only one set of these forms should be submitted per county. The completed forms should clearly present the collective agreement reached by all cities and counties that were party to the service delivery strategy.
2. List each local government and/or authority that provides services included in the service delivery strategy in Section II below.
3. List all services provided or primarily funded by each general purpose local government and authority within the county in Section III below. It is acceptable to break a service into separate components if this will facilitate description of the service delivery strategy.
4. For each service or service component listed in Section III, complete a separate *Summary of Service Delivery Arrangements* form (page 2).
5. Complete one copy of the *Summary of Land Use Agreements* form (page 3).
6. Have the *Certifications* form (page 4) signed by the authorized representatives of participating local governments. Please note that DCA cannot validate the strategy unless it is signed by the local governments required by law (see Instructions, page 4).
7. Mail the completed forms along with any attachments to:

Georgia Department of Community Affairs  
Office of Coordinated Planning  
60 Executive Park South, N.E.  
Atlanta, Georgia 30329

*For answers to most frequently asked questions on Georgia's Service Delivery Act, links and helpful publications, visit DCA's website at [www.dca.servicedelivery.org](http://www.dca.servicedelivery.org), or call the Office of Coordinated Planning at (404) 679-3114.*

*Note: Any future changes to the service delivery arrangements described on these forms will require an official update of the service delivery strategy and submittal of revised forms and attachments to the Georgia Department of Community Affairs.*

II. LOCAL GOVERNMENTS INCLUDED IN THE SERVICE DELIVERY STRATEGY:

In this section, list all local governments (including cities located partially within the county) and authorities that provide services included in the service delivery strategy.

# **Walton County**

## **Service Delivery Strategy**

### **Explanations**

## **AIRPORT SERVICES**

A city-owned airport is located in Monroe. The geographic service area is county wide. The city maintains a separate airport account. Funds for this account are derived from the Federal Aviation Administration, Georgia Department of Transportation, and user fees. Additional in-kind support is provided by the City of Monroe to assist with maintenance. Employees utilized in this effort are those of the city.

## **ANIMAL CONTROL**

The county operates an animal control service. The county has written contracts with Good Hope, Walnut Grove, and Social Circle to provide the service in the city limits. Monroe operates its own animal control officer and uses the county animal shelter.

In the future, all cities will make changes in their animal control ordinances to bring them into agreement with the county ordinance. The county will provide all animal control services county-wide, and all cases will be brought in the county's Magistrate's Court or other county court. Funding will be from the county general fund. These arrangements shall be completed by December 31, 1999.

## **BUILDING INSPECTION**

The county operates a building inspection office. All cities provide their own building inspections except Walnut Grove, which contracts with Loganville.

In the future, the county office will provide building inspection services for Good Hope, Between, and Jersey. This provision will be revisited in 2003 to determine whether the arrangement satisfactorily provides the service to the city residents.

Monroe, Loganville, Social Circle, and Walnut Grove will continue to maintain a higher level of service within their city limits by providing building inspection services themselves.

In all cases, building inspection services are designed to be paid for by user fees.

## **CODE ENFORCEMENT**

The county and all cities currently enforce their own codes for environmental ordinances, land use, development and zoning. Because each government has unique

ordinances and needs, each will continue to provide code enforcement within its own jurisdiction. The county code enforcement programs will be available to any jurisdiction that will adopt ordinances in agreement with the county ordinances. Funding is from the general fund of each jurisdiction.

## **COOPERATIVE EXTENSION SERVICE**

The Walton County office of the Cooperative Extension Service provides assistance in four distinct areas: Agriculture, Home Economics, 4-H, and Food and Nutrition. The University of Georgia employs staff and the geographic service area is county wide. The State provides funding with supplements from the county general funds.

## **CORONER**

The Walton County Coroner signs death certificates, is responsible for the body of the deceased until it is claimed, and initiates an investigation if foul play is suspected in a death. The coroner is an elected position, thus the individual filling the position is a county employee. The service area of the coroner is county wide and the position is funded from the county general funds.

## **CULTURAL SERVICES**

The Walton County Art Guild offers exhibits, lectures, and classes to the public. Working with the Walton County Arts Council, the Guild aims to increase public awareness of art in the community. The former post office on Broad Street was renovated and converted into a cultural center and gallery for local artists. The building is leased to the Art Guild at no charge by the city of Monroe. In addition, the city of Monroe provides \$3,000 - \$5,000 annually from the city general funds to assist the Guild with ongoing operations. The geographic service area is county wide.

## **ECONOMIC DEVELOPMENT SERVICES**

The Development Authority of Walton County serves an important role in expanding industrial development throughout Walton County. According to the Development Authority's mission statement, its purpose "is to promote trade, commerce, industry and employment opportunities of the public good and general welfare and to promote the economic welfare of Walton County and the State of Georgia." Nine members serve on the Authority Board and a full-time director employed by the Authority implements the

program of work. A multi-year contract between the Development Authority and the Walton County Board of Commissioners provides the Authority with an annual operating budget. County funds for this purpose are derived from county general funds and the geographic service area is county wide.

In addition, downtown development authorities were created to serve the cities of Loganville, Monroe, Social Circle, and Walnut Grove. These authorities, governed by boards of directors, are authorized to promote revitalization and redevelopment of central business districts including the promotion of commercial, industrial, and employment opportunities. The downtown development authorities were created pursuant to Georgia law for public and non-profit purposes. The downtown development authorities are permitted to operate only within their specific cities and funding is provided from city general funds.

## **ELECTRICITY**

The City of Monroe, through the Monroe Water, Light, and Gas Commission, provides electrical service to an area in and near the City of Monroe. The service area is shown on the accompanying map. Funding is from user fees.

## **EMERGENCY MANAGEMENT SERVICES**

The Walton County Emergency Management Agency is charged with developing mitigation activities that either prevent the occurrence of an emergency or reduce the community's vulnerability in ways that minimize the adverse impact of a disaster situation or other emergency. The agency is staffed by county employees and volunteers and the geographic service area is county wide. Funding for this agency is from the county general funds with some reimbursement from the Federal Emergency Management Agency through Georgia's Emergency Management Agency.

## **EMERGENCY MEDICAL SERVICE**

Emergency medical service in Walton County is provided by the Walton County Medical Center. EMS personnel include the director and full-time paramedics and emergency medical technicians, supplemented by several part-time paramedics and EMTs. Ambulances located throughout the county are available twenty-four hours per day. All ambulances are certified by the Georgia Department of Human Resources. The geographic service area is county wide and the service is funded through user fees. All calls are dispatched through the county's Enhanced 911 Communications Center. The

E-911 center is funded from the county general funds derived from telephone bill surcharges.

## **FIRE PROTECTION**

The county provides fire protection through volunteer fire departments. They serve the unincorporated county only, although they have mutual aid agreements with several cities. The county pays for the fire departments primarily from insurance franchise fees from the unincorporated county, supplemented from the general fund. The county will proceed to establish a special tax district that excludes the cities of Social Circle, Monroe, and Loganville to exclude their property owners from general property taxes used to support the county fire departments. The special tax district will be established by December, 1999.

Social Circle has a professional FD that serves the city and surrounding county within a five mile radius. The city has a written contract with the county to serve areas outside the city for an annual fee.

Loganville has a professional FD. It serves both Gwinnett and Walton counties. It has an automatic aid agreement with both counties. The city receives no funding from the county.

Monroe has a professional FD that serves within the city limits only. It has a mutual aid agreement with the county limited to hospitals, nursing homes, and schools. The city receives no funding from the county.

Good Hope and Between have written agreements with the county that provide the same level of service as is provided in the unincorporated county. Between provides some in-kind services.

Jersey has a volunteer fire department that serves the city and the county within a radius of five miles. The county provides a fire knocker and insurance payments.

Walnut Grove provides housing for a county fire station. The equipment is owned by the county. Walnut Grove turns over its insurance premium tax to the county to compensate the county for fire protection. By December 31, 1999, Walnut Grove and Walton County will renegotiate their contract to provide services in agreement with those of Social Circle and Loganville.

## **HOSPITAL/MEDICAL SERVICES**

Walton County Medical Center is a publicly owned acute and long-term care center. Staff are employed by the Walton County Hospital Authority and the geographic service area is county wide.

In addition, the county provides a health center at the West Walton Government Center. Medical staff are from the Walton Medical Center. The geographic service area is county wide. Funding for construction of the facility was derived from the Walton County Board of Commissioners general fund, as is funding for maintenance and upkeep. The nurse is employed by the Northeast Georgia Health District.

## **INDIGENT DEFENSE**

The county provides its share of costs for indigent defense and the solicitor's office for the Superior Court judicial circuit. The Magistrate Courts do not provide any indigent defense or prosecution.

Although it is not required under O.C.G.A 36-70, in order to alleviate the burden of indigent defense cases in Superior Court, the county and the cities agree to study, during calendar year 1999, the formation of a State Court, which would include support for indigent defense and prosecution, be funded by the county general fund, and whose services would be provided county-wide. If it is concluded that such a court will be established, this agreement will be modified accordingly.

## **JAILS**

The county operates the only jail. The cities pay the county for housing prisoners, but use different methods of payment. Monroe and Loganville pay 10% of all their municipal courts' fines to compensate the county for housing prisoners brought there charged in Municipal Court. Social Circle pays a per diem. Walnut Grove also pays a per diem.

It is agreed that, during 1999, Social Circle and the county will amend their contract to put Social Circle on an equal basis with Loganville and Monroe. Walnut Grove will continue to pay a per-diem fee, because there are so few cases that apply. The county will pay costs associated with prisoners charged under state law in all cases, regardless of the arresting entity. In order to avoid duplication of tax support, the county will, in 1999, begin assessing 10% of fines from Magistrate's Court to go toward the jail, so cities and the county will be on an equal footing.

## **LAW ENFORCEMENT**

The sheriff's department enforces all state and county ordinances. All deputies patrol equally in all the cities and make arrests, issue citations, and serve warrants. Violations of local ordinances are turned over to local police when necessary.

There are two police departments, in Monroe and Loganville, that enforce all applicable laws inside the cities. They are independent, stand alone departments. They provide an enhanced level of service for those cities. The sheriff's office provides dedicated officers to patrol Social Circle under a financial contract with the city, also in the interest of providing an enhanced level of service. All police departments and the sheriff's department have mutual aid agreements for backup.

In Between, Walnut Grove, Jersey, and Good Hope, there is no contract between the city and the sheriff. Any citations are written based on the uniform criminal code and brought in an appropriate court of jurisdiction under state law.

## **LIBRARIES**

Walton County has libraries in Monroe, Social circle, and Loganville. These three libraries are part of the Uncle Remus Regional Library System. The cities provide the buildings and have input on services and policies. Loganville and Social Circle provide some services directly while the City of Monroe provides fewer services and provides funds for the other items.

The county provides an equal amount of funding for each library. The cities are providing services and funds in order to have three libraries instead of one and to have a higher quality of service than would be available if the libraries relied entirely on the county. It is agreed that the current policies and arrangements will continue in the future.

## **MAGISTRATE'S COURT AND MUNICIPAL COURTS**

The county operates a Magistrate's Court that hears cases brought from the unincorporated county. Fines and fees levied by the court are used to offset costs.

The cities are authorized to provide municipal courts for cases brought within the city limits. Monroe, Social Circle, Walnut Grove and Loganville have active municipal courts. This is an enhancement of service to provide for hearing cases brought within the cities.

## **NATURAL GAS**

Natural gas is supplied by seven different governments as well as private firms. The cities of Monroe (through the Monroe Water, Light, and Gas Commission), Winder, Buford, Lawrenceville, Covington, Madison, and Social Circle have assigned territories in the county. They are shown on the accompanying map. Funding is from user fees in all instances.

## **PARKS AND RECREATION**

The county does not operate a recreation program. The county provides lump-sum payments to cities, contracts with cities for special construction projects, and constructs facilities in non-municipal population centers. Monroe, Loganville, and Social Circle operate recreation programs and maintain all facilities. Walnut Grove has a park used by city residents and nearby unincorporated county residents. Private organizations also administer outdoor recreation programs.

The county will provide funding as feasible for construction and renovation of facilities in or near population centers both in cities and in unincorporated areas. Cities and private organizations will continue to administer programs and maintain facilities. Funding for the county and the cities will come from their general funds and from user fees.

## **PLANNING AND ZONING**

Each government provides its own planning and zoning. (Final decisions regarding zoning must be made by city councils and county commission in unincorporated areas and cannot be delegated.) The county has a planning and zoning department. Loganville provides a planning and development service through the building inspection department. Monroe has a planning and zoning department. Social Circle does planning and zoning through the building inspector's office.

Because the relevant ordinances and planning and zoning functions are unique to each government, the cities will continue to provide a higher level of service by providing all planning and zoning services in their jurisdictions.

Although not required under O.C.G.A. 36-70, in order to provide for better coordination of these activities, it is agreed that each jurisdiction will notify adjacent jurisdictions of proposed significant land use changes within ¼ mile of the boundary between them. Details of the notification process will be developed during 1999.

## **PROBATE COURT**

The county provides funding and support for the county probate court. The service area is county wide and funding is from the county's general fund.

## **PUBLIC CEMETERIES**

Public cemeteries are located in the cities of Loganville, Monroe, and Social Circle. Proceeds from lot sales and the general funds of the three cities are used to maintain these cemeteries. Staff for this purpose are employed by the three cities and the geographic service area is county wide.

## **PUBLIC HEALTH SERVICES**

Walton County supports a public health department clinic. The Health Department is staffed by State employees, and funding is provided by the State with assistance from the county general fund. The geographic service area is county wide.

## **PUBLIC HOUSING**

Public housing is provided in the cities of Loganville, Monroe, and Social Circle. Each city has a housing authority with a board of directors. However, the three authorities share a single staff and are housed at a single location. Public housing in each of the three cities is funded by the federal Department of Housing and Urban Development. Conventional public housing is provided in each city. Staff members are employed by the housing authorities and the geographic service area is county wide.

## **PUBLIC TRANSPORTATION**

The city of Social Circle provides transportation services for handicapped and elderly city residents under Section 18 of the Urban Mass Transportation Act (UMTA). Services include transporting senior citizens to and from the Social Circle City Hall community room for meals and other services, transportation for doctor, dentist, health department and Department of Family and Children Services appointments. This program also provides transportation for shopping, work, and school within the city. The geographic service area is city wide and staffed by city employees. Funding is derived from state sources and supplemented by monies from the city general fund.

## **ROAD CONSTRUCTION AND MAINTENANCE**

The county maintains and improves all through roads beginning in the unincorporated county (or outside the county) that pass through cities and continue beyond them (and are not state or federal highways). There is local legislation that requires the county to provide this service.

Improvements and maintenance of roads that originate in a city and extend into the unincorporated county will be evaluated as to who would receive the benefits (primarily city residents, primarily unincorporated county residents, or both), and the city and county will cooperate to apportion costs by mutual agreement based on the perceived benefits.

## **SENIOR CITIZENS SERVICES**

The Walton County Senior Citizens Council is located in Monroe and provides a variety of services for individuals aged 60 or over. Staff members are employed by the council and the geographic service area is county wide. Funding is received via Title III of the Older Americans Act, United Way, and local donations. In addition, funding is supplemented by the Walton County Board of Commissioners from its general fund, and the city of Monroe provides the building and its maintenance.

The Senior Citizens Council operates satellite senior centers in Social Circle and Loganville. In Social Circle, operating expenses are funded by the Walton County Board of Commissioners and the building is provided by the city. In Loganville, operating expenses are funded by donations and the building is provided by the county. The geographic service area for the satellite centers is county wide and staff members are employed by the Senior Citizens Council.

## **SOLID WASTE**

The county provides for solid waste collection and disposal, recyclables collection and disposal, and solid waste education. The county operates multiple convenience centers for collecting solid waste and recyclables. The county operates a Clean and Beautiful office for education and solid waste coordination, among other items. The service area is county wide and funding is from the general fund. The county is a member of the Northeast Georgia Regional Solid Waste Management Authority, which provides planning and other solid waste services under contract with the county.

Loganville provides curbside solid waste and recyclable collection through a private vendor and provides leaf and limb service. These services are enhancements and supplement to the county collection program.

Monroe collects waste and recyclables curbside and provides leaf and limb service. These services are enhancements and supplement to the county collection program.

Social Circle provides curbside solid waste and recyclable collection through a private vendor and provides leaf and limb service. These services are enhancements and supplement to the county collection program.

Walnut Grove provides curbside solid waste and recyclable collection through a private vendor. These services are enhancements and supplement to the county collection program.

Between, Good Hope, and Jersey residents use the county solid waste program or contract individually with private vendors.

All cities rely on the county Clean and Beautiful program for solid waste education.

## **STORM WATER**

The control and treatment of storm water is presently left to each jurisdiction. However, there are no actively managed storm water control programs in place. It is expected that storm water control and treatment will be implemented in the future to manage flooding and to improve and maintain water quality by minimizing non-point source pollution from rainfall runoff. Such storm water management may be accomplished by a variety of means. Some will be non-structural and some structural.

Since non-structural controls fall under the province of land use and design regulation, they will be the responsibility of each separate jurisdiction in the county to implement under its local land use and development ordinances.

Structural controls designed for the purpose of controlling storm water wholly from within municipalities will be the responsibility of the individual jurisdictions. The county will be responsible for storm water control and treatment county wide with respect to structural controls whose area of treatment spans more than one jurisdiction and for general pollution reduction activities (e.g., educational programs) that affect the whole county. The county or any municipality within the county may contract with the WCWSA or any city to provide storm water control and treatment services on its behalf.

## **STREET LIGHTS**

Street lights are provided in each municipality within Walton County and in portions of the unincorporated county. The street lights in unincorporated portions of the county are usually located near major intersections and funds to offset their costs are derived from the county general funds. In addition, street lights are provided to some single family dwelling subdivisions, however, these costs are paid by homeowner associations. In each municipality except Monroe, costs associated with street lights are paid from the city general fund. In Monroe, street lights are provided by the Water, Light and Gas Commission. The geographic service area for this service is county wide. Persons utilized in the maintenance of the street lights are employees of the various utility companies.

## **SUPERIOR COURT**

Walton County is in the Alcovy Judicial Circuit. The county provides funding and support services for the Superior Court. Funding comes from the general fund and the service area is county wide.

## **TELECOMMUNICATIONS**

The City of Monroe, through the Monroe Water, Light, and Gas Commission, provides telecommunications and related services, including cable television, data communication, internet access, and similar services. The service area is county wide, and funding is from user fees.

## **VOTER REGISTRATION**

The county provides voter registration services. The voter registration office ensures that county voter registration is carried out in compliance with applicable laws and regulations and maintains liaison with the Georgia Secretary of State's office. The service is carried out by county employees and the service area is county wide. Funding is provided from the county general funds with assistance from the State.

## **WASTE WATER AND SEWERAGE**

Waste water is treated by Loganville, Monroe (through the WLGC), and Social Circle. Sewage collection is provided by Loganville, Monore (MWLGC), and Social Circle. The WCWSA has authority to provide sewage collection and treatment in all areas of the

county not included in the service areas of others, but has not done so. The sewerage service areas are delineated in contracts among the water providers in the county and are the same as those for drinking water distribution except in the service area for Walnut Grove. Walnut Grove's service area is defined as the city limits as of the date of adoption of this agreement. Walnut Grove may contract with other entities to provide sewage collection and/or treatment within its service area. Sewerage service will not be provided outside of these service areas.

## **WATER SUPPLY AND DISTRIBUTION**

The water supply providers in the county are the Walton County Water and Sewerage Authority (WCWSA); the City of Social Circle; and the the City of Monroe (through the Monroe Water Light and Gas Commission [MWLGC]). Interconnections between the systems, governed by existing contracts, make it possible for excess capacity to be transferred among all users. This arrangement will continue regardless of the delineation of geographic areas of customer service, since it is not the provision of a service directly to customers.

Water distributors include all of the suppliers plus the City of Loganville and the Town of Jersey. The distribution areas for each provider have been delineated in existing contracts, except with the Town of Jersey. A contract will be established between the WCWSA and Jersey. The service areas are shown on the attached map. Service will be provided within the designated service areas only.

Fees for water and sewer services provided outside the city limits of municipal providers shall not be arbitrarily higher than fees for city residents. If any government disputes the reasonableness of water and sewer rate differentials, that governing body may institute the procedures provided in O.C.G.A. 36-70-23 (2) (b).

**SERVICE DELIVERY STRATEGY  
SUMMARY OF SERVICE DELIVERY ARRANGEMENTS**

**Instructions:**

Make copies of this form and complete one for each service listed on page 1, Section III. Use exactly the same service names listed on page 1. Answer each question below, attaching additional pages as necessary. If the contact person for this service (listed at the bottom of the page) changes, this should be reported to the Department of Community Affairs.

County: Walton County Service: Airport Services

1. Check the box that best describes the agreed upon delivery arrangement for this service:
- Service will be provided countywide (i.e., including all cities and unincorporated areas) by a single service provider. (If this box is checked, identify the government, authority or organization providing the service.)  
City of Monroe
  - Service will be provided only in the unincorporated portion of the county by a single service provider. (If this box is checked, identify the government, authority or organization providing the service.)
  - One or more cities will provide this service only within their incorporated boundaries, and the service will not be provided in unincorporated areas. (If this box is checked, identify the government(s), authority or organization providing the service.)
  - One or more cities will provide this service only within their incorporated boundaries, and the county will provide the service in unincorporated areas. (If this box is checked, identify the government(s), authority or organization providing the service.)
  - Other. (If this box is checked, attach a legible map delineating the service area of each service provider, and identify the government, authority, or other organization that will provide service within each service area.)

2. In developing the strategy, were overlapping service areas, unnecessary competition and/or duplication of this service identified?  
 yes  no

If these conditions will continue under the strategy, attach an explanation for continuing the arrangement (i.e., overlapping but higher levels of service (See O.C.G.A. 36-70-24(1)), overriding benefits of the duplication, or reasons that overlapping service areas or competition cannot be eliminated).

If these conditions will be eliminated under the strategy, attach an implementation schedule listing each step or action that will be taken to eliminate them, the responsible party and the agreed upon deadline for completing it.

3. List each government or authority that will help to pay for this service and indicate how the service will be funded (e.g., enterprise funds, user fees, general funds, special service district revenues, hotel/motel taxes, franchise taxes, impact fees, bonded indebtedness, etc.)

Local Government or Authority:      Funding Method:

|                       |  |
|-----------------------|--|
| <u>City of Monroe</u> | <u>User Fees, Federal Aviation Administration, Georgia DOT</u> |

## SERVICE DELIVERY STRATEGY SUMMARY OF LAND USE AGREEMENTS

PAGE 3

### Instructions:

Answer each question below, attaching additional pages as necessary. Please note that any changes to the answers provided will require updating of the service delivery strategy. If the contact person for this service (listed at the bottom of this page) changes, this should be reported to the Department of Community Affairs.

### County:

1. What incompatibilities or conflicts between the land use plans of local governments were identified in the process of developing the service delivery strategy?

Walton County and its cities prepared a joint comprehensive plan in 1992. In 1997, the cities adopted an updated joint comprehensive plan in cooperation with the county (although the county did not adopt the plan). As a result, potential conflicts were eliminated during the planning process. There were no incompatibilities or conflicts identified during the service delivery strategy negotiations.

2. Check the boxes indicating how these incompatibilities or conflicts were addressed:

- amendments to existing comprehensive plans
- adoption of a joint comprehensive plan
- other measures (amend zoning ordinances, add environmental regulations, etc.)

*Note: If the necessary plan amendments, regulations, ordinances, etc., have not yet been formally adopted, indicate when each of the affected local governments will adopt them.*

If "other measures" was checked, describe these measures:

3. Summarize the process that will be used to resolve disputes when a county disagrees with the proposed land use classification(s) for areas to be annexed into a city. If the conflict resolution process will vary for different cities in the county, summarize each process.

Each city will notify the county of proposed annexations, including proposed land use; the county must respond within 30 days with bona fide objections or no objections. With no objection, city proceeds (no rezoning within 12 months). If there are objections, the city a) complies with conditions, b) stops the annexation, c) denying bona fides and seeking declaratory judgement, or d) hold meeting to reach negotiated agreement and, if it fails, initiate 30-day mediation process (costs allocated by population). If there is no resolution, the annexation will not proceed. If agreement is reached, an agreement will be executed by both governments.

4. What policies, procedures and/or processes have been established by local governments (and water and sewer authorities) to ensure that new extraterritorial water and sewer service will be consistent with all applicable land use plans and ordinances?

**The master service delivery agreement and individual contracts between the Walton County Water and Sewerage Authority and individual cities have assigned to each entity a service territory. The territories encompass the entire county. The agreements provide that no service will be provided outside of the assigned territories.**

5. Person completing form: **John Krieger, Chair, Walton County Board of Commissioners.**

Phone number: **770-261-1301**

Date completed: **May 1, 1999**

6. Is this the person who should be contacted by state agencies when evaluating whether proposed local government projects are consistent with land use plans of applicable jurisdictions?  yes  no

If not provide designated contact person(s) and phone number(s) below:

**Dr. Sam Juett, City of Monroe administrator, 770-267-7536; Mr. Don Dye, City of Social Circle administrator, 770-464-2380; Dr. Kenneth Cloud, City of Loganville administrator, 770-466-4734; Mr. Don Cannon, Mayor, City of Walnut Grove, 770-787-0046; Mr. Marion Peters, Mayor, Town of Good Hope, 770-266-6577; Mr. Ronnie Thompson, Mayor, Town of Jersey, 770-267-5711; Mr. William Sullivan, Town of Between, 770-267-7290.**

## SERVICE DELIVERY STRATEGY CERTIFICATIONS

**Instructions:**

This page must, at a minimum, be signed by an authorized representative of the following governments: 1) the county; 2) the city serving as the county seat; 3) all cities having 1990 populations of over 9,000 residing within the county; and 4) no less than 50% of all other cities with a 1990 population of between 500 and 9,000 residing within the county. Cities with 1990 populations below 500 and authorities providing services under the strategy are not required to sign this form, but are encouraged to do so. Attach additional copies of this page as necessary.

### SERVICE DELIVERY STRATEGY FOR WALTON COUNTY

We, the undersigned authorized representatives of the jurisdictions listed below, certify that:

1. We have executed agreements for implementation of our service delivery strategy and the attached forms provide an accurate depiction of our agreed upon strategy (O.C.G.A. 36-70-21);
2. Our service delivery strategy promotes the delivery of local government services in the most efficient, effective, and responsive manner (O.C.G.A. 36-70-24 (1));
3. Our service delivery strategy provides that water or sewer fees charged to customers located outside the geographic boundaries of a service provider are reasonable and are not arbitrarily higher than the fees charged to customers located within the geographic boundaries of the service provider (O.C.G.A. 36-70-24 (2));
4. Our service delivery strategy ensures that the cost of any services the county government provides (including those jointly funded by the county and one or more municipalities) primarily for the benefit of the unincorporated area of the county are borne by the unincorporated area residents, individuals, and property owners who receive such service (O.C.G.A. 36-70-24 (3)); and
5. The process(es) for resolving land use disputes arising over annexation were established by the July 1, 1999 deadline (O.C.G.A. 36-70-24(4)).
