SERVICE DELIVERY STRATEGY SUMMARY OF SERVICE DELIVERY ARRANGEMENTS

PAGE 2

Instructions:

Make copies of this form and complete one for each service listed on page 1, Section III. Use exactly the same service names listed on page 1. Answer each question below, attaching additional pages as necessary. If the contact person for this service (listed at the bottom of the page) changes, this should be reported to the Department of Community Affairs.

County: Warren

Service: Sewer

1. Check the box that best describes the agreed upon delivery arrangement for this service:

- Service will be provided countywide (i.e., including all cities and unincorporated areas) by a single service provider. (If this box is checked, identify the government, authority or organization providing the service.)
- Service will be provided only in the unincorporated portion of the county by a single service provider. (If this box is checked, identify the government, authority or organization providing the service.)
- One or more cities will provide this service only within their incorporated boundaries, and the service will not be provided in unincorporated areas. (If this box is checked, identify the government(s), authority or organization providing the service.)
- One or more cities will provide this service only within their incorporated boundaries, and the county will provide the service in unincorporated areas. (If this box is checked, identify the government(s), authority or organization providing the service.)
- Other. (If this box is checked, attach a legible map delineating the service area of each service provider, and identify the government, authority, or other organization that will provide service within each service area.)

2. In developing the strategy, were overlapping service areas, unnecessary competition and/or duplication of this service identified?

Yes No **(See Note below from DCA)**

If these conditions will continue under the strategy, attach an explanation for continuing the arrangement (i.e., overlapping but higher levels of service (See O.C.G.A. 36-70-24(1)), overriding benefits of the duplication, or reasons that overlapping service areas or competition cannot be eliminated).

If these conditions will be eliminated under the strategy, attach an implementation schedule listing each step or action that will be taken to eliminate them, the responsible party and the agreed upon deadline for completing it.

3. List each government or authority that will help to pay for this service and indicate how the service will be funded (e.g., enterprise funds, user fees, general funds, special service district revenues, hotel/motel taxes, franchise taxes, impact fees, bonded indebtedness, etc.).

Local Government or Authority: Funding Method:

City of Warrenton	User fees
City of Norwood	User fees

4. How will the strategy change the previous arrangements for providing and/or funding this service within the county?

City of Warrenton will extend service in the unincorporated area to service new industrial park. A map of the city with the expanded boundaries is attached.

Note: Map 1 shows the City of Warrenton's incorporated limits and the expanded boundaries that they will serve with sewage in the unincorporated limits of the county.

Map 2 shows the incorporated limits in the City of Norwood and their boundaries for sewage.

6/25/03 Note: Neither the preceding NOR this Revised Agreement for Sewer Service contained any overlapping or duplicating services, or service areas. DCA believes question 2 should have been answered "No".

5. List any formal service delivery agreements or intergovernmental contracts that will be used to implement the strategy for this service:

Agreement Name:	Contracting Parties:	Effective and Ending Dates:
Master Service Delivery Agreement		

6. What other mechanisms (if any) will be used to implement the strategy for this service (e.g., ordinances, resolutions, local acts of the General Assembly, rate or fee changes, etc.), and when will they take effect?

None

5. Our service delivery strategy continues to ensure that the cost of any services the county government provides (including those jointly funded by the county and one or more municipalities) primarily for the benefit of the unincorporated area of the county are borne by the unincorporated area residents, individuals, and property owners who receive such service (O.C.G.A. 36-70-24 (3));
