

SERVICE DELIVERY STRATEGY

FORM 1

COUNTY: **CARROLL COUNTY**

I. GENERAL INSTRUCTIONS:

1. FORM 1 is required for **ALL** SDS submittals. Only one set of these forms should be submitted per county. The completed forms shall clearly present the collective agreement reached by all cities and counties that were party to the service delivery strategy.
2. List each local government and/or authority that provides services included in the service delivery strategy in Section II below.
3. List all services provided or primarily funded by each general purpose local government and/or authority within the county that are continuing *without change* in Section III, below. (It is acceptable to break a service into separate components if this will facilitate description of the service delivery strategy.)

<p align="center">OPTION A <i>Revising or Adding to the SDS</i></p>	<p align="center">OPTION B <i>Extending the Existing SDS</i></p>
<ol style="list-style-type: none"> 4. List all services provided or primarily funded by each general purpose local government and authority within the county which are revised or added to the SDS in Section IV, below. (It is acceptable to break a service into separate components if this will facilitate description of the service delivery strategy.) 5. For each service or service component listed in Section IV, complete a separate, updated <i>Summary of Service Delivery Arrangements</i> form (FORM 2). 6. Complete one copy of the <i>Certifications</i> form (FORM 4) and have it signed by the authorized representatives of participating local governments. [Please note that DCA cannot validate the strategy unless it is signed by the local governments required by law (see Instructions, FORM 4).] 	<ol style="list-style-type: none"> 4. SERVICE DELIVERY STRATEGY

FORM 2: Summary of Service Delivery Arrangements

Instructions:

Make copies of this form and complete one for each service listed on FORM 1, Section IV. Use EXACTLY the same service names listed on FORM 1. Answer each question below, attaching additional pages as necessary. If the contact person for this service (listed at the bottom of the page) changes, this should be reported to the Department of Community Affairs.

COUNTY: CARROLL COUNTY

Service: WASTEWATER COLLECTION/TREATMENT & WATER SUPPLY & DISTRIBUTION

1. Check one box that best describes the agreed upon delivery arrangement for this service:

- a.) Service will be provided countywide (i.e., including all cities and unincorporated areas) by a single service provider. (If this box is checked, identify the government, authority or organization providing the service.):

- b.) Service will be provided only in the unincorporated portion of the county by a single service provider. (If this box is checked, identify the government, authority or organization providing the service.):

- c.) One or more cities will provide this service only within their incorporated boundaries, and the service will not be provided in unincorporated areas. (If this box is checked, identify the government(s), authority or organization providing the service.):

- d.) One or more cities will provide this service only within their incorporated boundaries, and the county will provide the service in unincorporated areas. (If this box is checked, identify the government(s), authority or organization providing the service.):

- e.) Other (If this box is checked, **attach a legible map delineating the service area of each service provider**, and identify the government, authority, or other organization that will provide service within each service area.): **Carroll County Water Authority, Bowdon, Bremen, Carrollton, Mt. Zion, Roopville, Temple, Villa Rica, & Whitesburg**

2. In developing this strategy, were overlapping service areas, unnecessary competition and/or duplication of this service identified?

Yes (if "Yes," you must attach additional documentation as described, below)

No

If these conditions will continue under this strategy, **attach an explanation for continuing the arrangement** (i.e., overlapping but higher levels of service (See O.C.G.A. 36-70-24(1)), overriding benefits of the duplication, or reasons that overlapping service areas or competition cannot be eliminated).

If these conditions will be eliminated under the strategy, **attach an implementation schedule** listing each step or action that will be taken to eliminate them, the responsible party and the agreed upon deadline for completing it.

SDS FORM 2, continued

3. List each government or authority that will help to pay for this service and indicate how the service will be funded (e.g., enterprise funds, user fees, general funds, special service district revenues, hotel/motel taxes, franchise taxes, impact fees, bonded indebtedness, etc.).

<i>Local Government or Authority</i>	<i>Funding Method</i>
See attached list	

4. How will the strategy change the previous arrangements for providing and/or funding this service within the county?

The attached SDS Map revision for Mt. Zion does not change the previous arrangement for providing water service in the County. The 1999 SDS Water Service Map did not include the north portion of Harrison Road in the Mt. Zion service area. This area is in the Mt. Zion City Limits and is part off the City's service area. The attached map revision clarifies this. All other provisions of the 1999 SDS Map for Water Service remain unmodified and will be updated pending the next required SDS update.

5. List any formal service delivery agreements or intergovernmental contracts that will be used to implement the strategy for this service:

<i>Agreement Name</i>	<i>Contracting Parties</i>	<i>Effective and Ending Dates</i>
See Attached List		

6. What other mechanisms (if any) will be used to implement the strategy for this service (e.g., ordinances, resolutions, local acts of the General Assembly, rate or fee changes, etc.), and when will they take effect?

None

7. Person completing form: **Debra Smith**
 Phone number: **678-640-4576** Date completed: July 9, 2018

8. Is this the person who should be contacted by state agencies when evaluating whether proposed local government projects are consistent with the service delivery strategy? Yes No

If not, provide designated contact person(s) and phone number(s) below:

SERVICE DELIVERY AGREEMENT

**Service: WASTEWATER COLLECTION AND TREATMENT/
WATER SUPPLY AND DISTRIBUTION (page 1)**

**Parties: Carroll County and the Cities of Bowdon, Bremen, Carrollton, Mt. Zion,
Roopville, Temple, Villa Rica, and Whitesburg**

Agreement:

The cities of Bowdon, Bremen, Carrollton, Temple, Villa Rica, and the Carroll County Water Authority (at Fairfield Plantation only) currently provide wastewater collection and treatment using various methodologies. The capital, operating, and debt service costs of this service is derived from enterprise funds maintained by the respective entities supported by user fees. Carroll County does not provide or fund this service.

The cities of Bowdon, Bremen, Carrollton, Roopville, Temple, Whitesburg, and Villa Rica provide water supply and distribution to users within their service area. The Carroll County Water Authority operates a water distribution system serving unincorporated Carroll County, the cities of Mt. Zion, Bowdon (partially) and Ranburne, Alabama. (The Carroll County Water Authority is in the process of developing a water supply service.) The capital, operating and debt service costs of this service is derived from enterprise funds maintained by the respective entities supported by user fees. Carroll County does not provide or fund this service.

The availability of adequate wastewater and water capacity is essential to the long-term livability and economic viability of Carroll County. In particular, the current and projected demands for water supply and treatment/distribution capacity is a critical issue.

The present service delivery mechanism involving multiple providers under the direction of multiple jurisdictional entities needs to be carefully evaluated to determine if this is indeed the most effective, efficient, responsive, and adaptive service delivery mechanism to meet the existing and future water and wastewater need of Carroll County.

While no immediate service delivery change is suggested the County proposes to appoint and fund a study committee whose charge shall be to evaluate and recommend a future service delivery strategy for wastewater collection/treatment and water supply/distribution in Carroll County with particular emphasis on reconstitution of the Carroll County Water Authority and cooperative compacts/consolidation among all the county's water/wastewater service providers.

Some of the cities providing water and wastewater services in Carroll County charge a higher user fee to customers outside its geographic boundaries (incorporated area) but within their service boundaries. Consistent with the provisions of the Service Delivery Strategy Act those cities agree to eliminate this dual tiered differential rate structure over the five (5) year implementation period except where such difference is supported by an engineering/financial study agreed to by the County subject to the dispute resolution procedure as provided by law.

Proposed Water/Wastewater Study Committee

As directed by the full Carroll County Board of Commissioners at their Governance Education Seminar held on March 26 through 28, 1999, as part of the Service Delivery Strategy the County proposes to name a nine (9) person Water/Wastewater Study Committee consisting of the following members and for the following purposes:

SERVICE DELIVERY AGREEMENT
(continued)

Service: WASTEWATER COLLECTION AND TREATMENT/
WATER SUPPLY AND DISTRIBUTION (page 2)

Parties: Carroll County and the Cities of Bowdon, Bremen, Carrollton, Mt. Zion,
Roopville, Temple, Villa Rica, and Whitesburg

MEMBERSHIP

One member from each local governmental jurisdiction in Carroll County providing both the production and distribution of water and collection and treatment of wastewater (Bowdon, Bremen, Carrollton, Temple, and Villa Rica); a representative of the Carroll County Water Authority; three (3) members appointed by the Carroll County Board of Commissioners geographically representative of the County and with professional/academic/practical expertise in the planning, design, operations, or major utilization of water/wastewater services.

PURPOSE

- Identify, catalogue, and assess the current capacities and capabilities, the financial obligations of each entity and their ability to meet future demands (individually and collectively) of water/wastewater service delivery providers in Carroll County.
- Identify and assess the projected capacities and capabilities of Carroll County water/wastewater service delivery providers to individually and collectively meet the immediate, intermediate, and long-term water/wastewater needs of Carroll County.
- Identify and assess water/wastewater service delivery mechanisms in other jurisdictions with comparable characteristics to Carroll County through site visits, interviews, information/data analysis/exchange or other means.
- Identify and assess future alternatives for most effectively meeting immediate, intermediate, and long-term water and wastewater needs for Carroll County including but not limited to:
 - * Continuation of the current service delivery system;
 - * Cooperative compacts among providers;
 - * Functional consolidation among providers;
 - * Formal/Legal consolidation among providers; and
 - * Privatization of services.
- Identify and access public input through public forums, hearings, surveys, group meetings or other means of securing public input.
- In the context of the above assessments, review and evaluate the existing structure, legislative authority, appointment mechanism, and operating powers of the governing body for the Carroll County Water Authority.

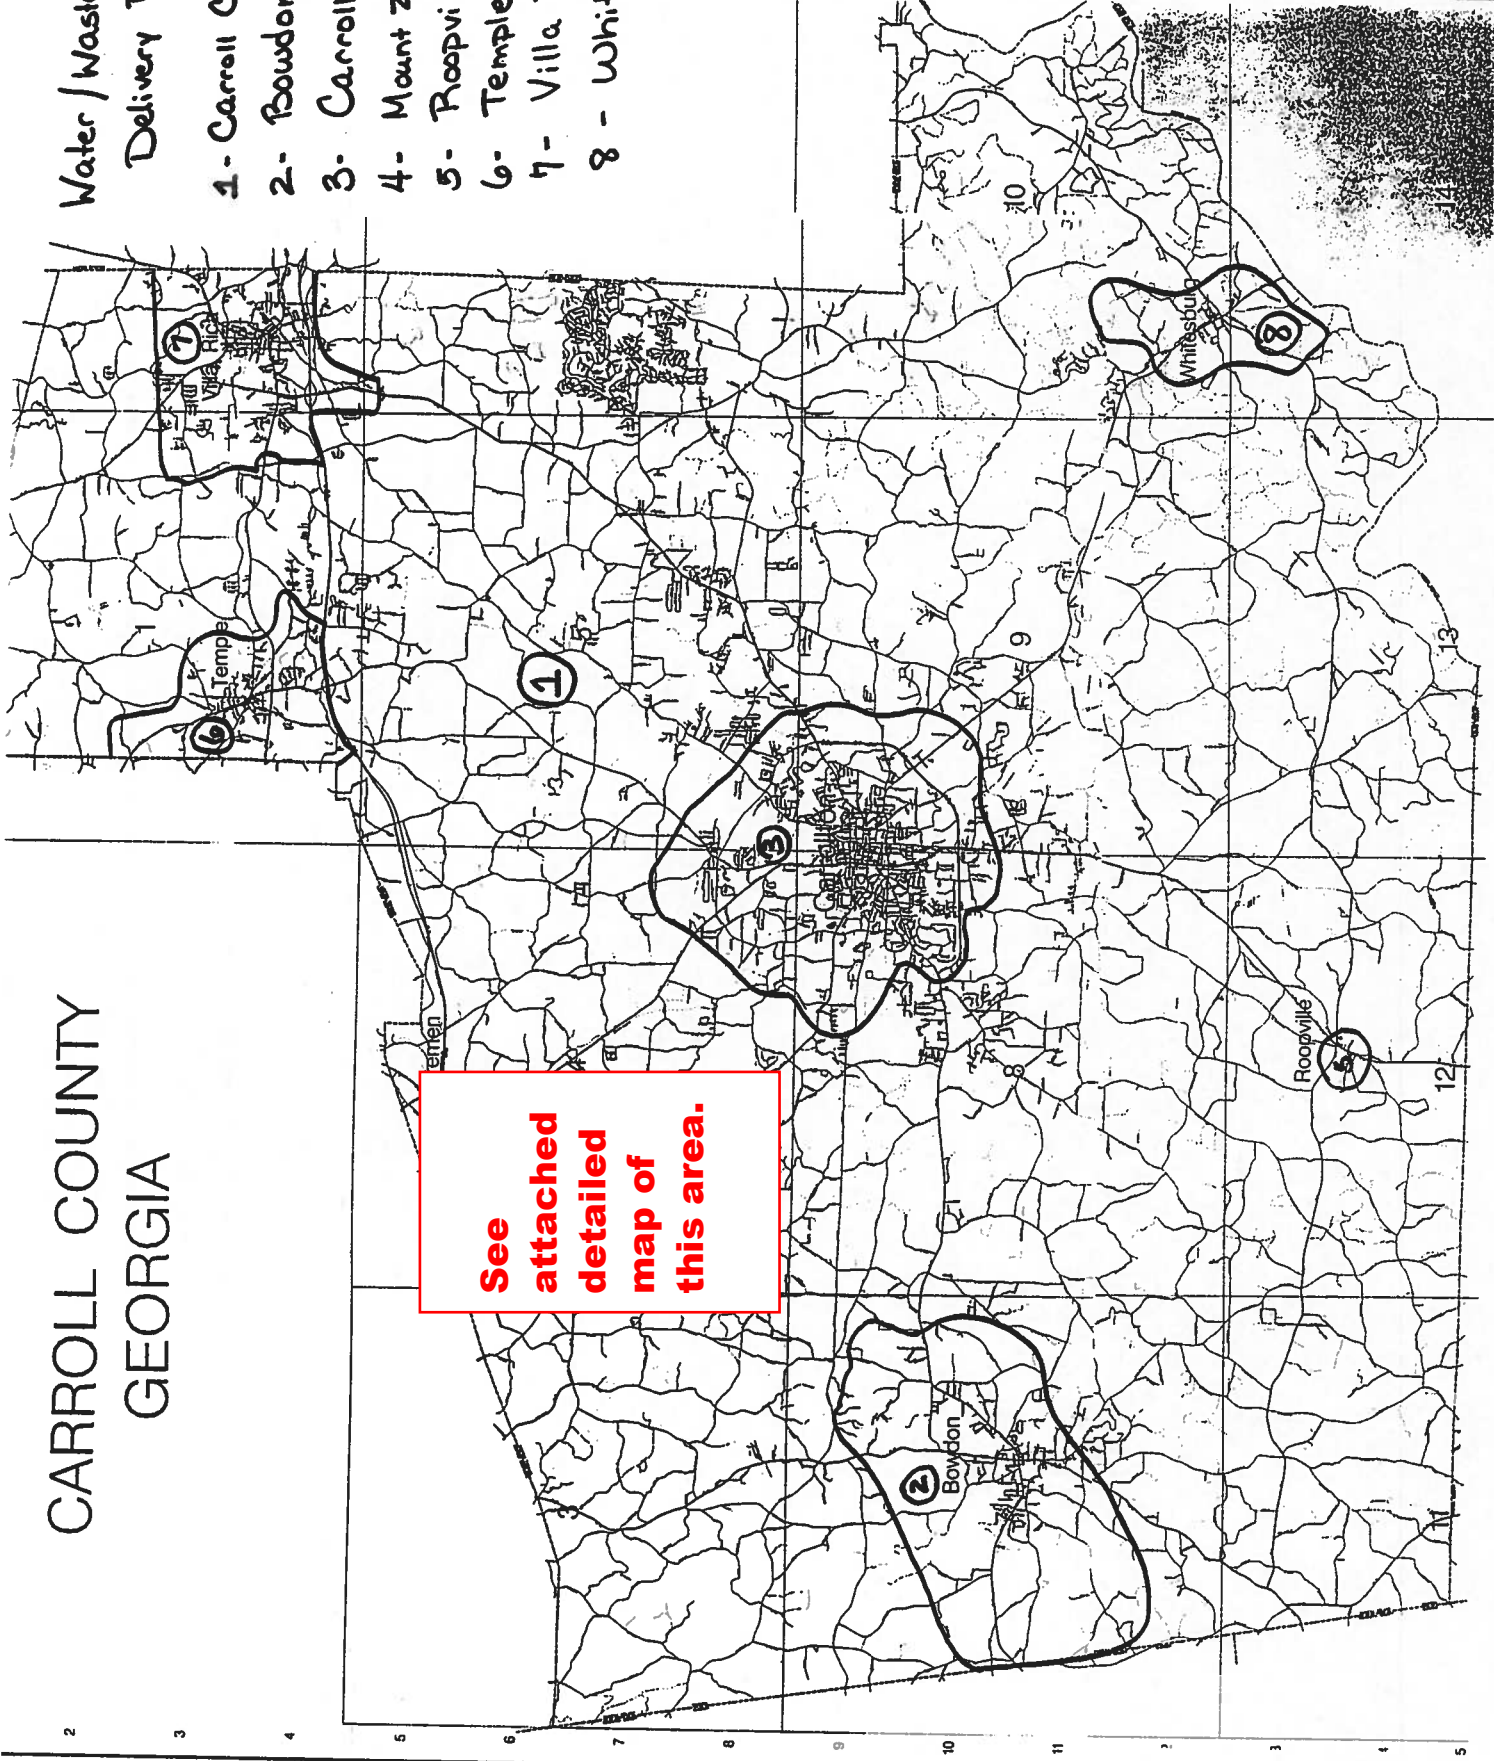

This Study Committee is proposed to be named at the beginning of FY 2000-2001 with its preliminary report to be made to the Board of Commissioners no later than eighteen (18) months later.

The work of this Study Committee will require professional planning and engineering support for which the County plans to appropriate certain funds for this purpose and request additional financial support from each jurisdiction/authority with members on the Study Committee. Selection of such professional support will be made by the Board of Commissioners.

This form must, at a minimum, be signed by an authorized representative of the following governments: 1) the county; 2) the city serving as the county seat; 3) all cities having a 2010 population of over 9,000 residing within the county; and 4) no less than 50% of all other cities with a 2010 population of between 500 and 9,000 residing within the county. Cities with a 2010 population below 500 and local authorities providing services under the strategy are not required to sign this form, but are encouraged to do so.

COUNTY: CARROLL

We, the undersigned authorized representatives of the jurisdictions listed below, certify that:

1. We have executed agreements for implementation of our service delivery strategy and the attached forms provide an accurate depiction of our agreed upon strategy (O.C.G.A 36-70-21);
2. Our service delivery strategy promotes the delivery of local government services in the most efficient, effective, and responsive manner (O.C.G.A. 36-70-24 (1));
3. Our service delivery strategy provides that water or sewer fees charged to customers located outside the geographic boundaries of a service provider are reasonable and are not arbitrarily higher than the fees charged to customers located within the geographic boundaries of the service provider (O.C.G.A. 36-70-24 (2)); and
4. Our service delivery strategy ensures that the cost of any services the county government provides (including those jointly funded by the county and one or more municipalities) primarily for the benefit of the unincorporated area of the county are borne by the unincorporated area residents, individuals, and property owners who receive such service (O.C.G.A. 36-70-24 (3)).

RESOLUTION

Be it hereby resolved that the Mayor or Mayor Pro Term be authorized to execute the minor map amendment to the Carroll County Service Delivery Strategy Agreement which is requested by the City of Mt. Zion.

This change will show that the Mt. Zion Water Service District includes the city limits of Mt. Zion, specifically including North Harrison Road. This area is the subject of a 2018 Community Development Block Grant (CDBG).

So resolved on this 10th day of July, 2018.
