

# Town of Between Comprehensive Plan

2017 Update

*Developed by the Planning & Government Services Division of the Northeast Georgia Regional Commission*

## RESOLUTION

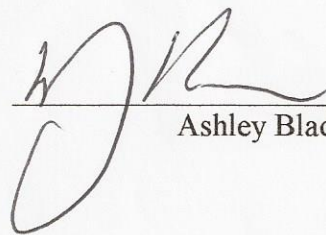

WHEREAS, the 1989 Georgia General Assembly enacted House Bill 215, the Georgia Planning Act, requiring all local governments to prepare a comprehensive plan in accordance with the Minimum Planning Standards and Procedures promulgated by the Georgia Department of Community Affairs; and

WHEREAS, the Comprehensive Plan Update for the Town of Between, Georgia, was prepared in accordance with the Minimum Planning Standards and Procedures; and

NOW THEREFORE, BE IT RESOLVED by the Town of Between that the Comprehensive Plan Update for the Town of Between, Georgia dated 2017, as approved by the Georgia Department Community Affairs is hereby adopted, and furthermore, that the Northeast Georgia Regional Commission shall be notified of said adoption within seven (7) days of the adoption of this resolution.

Adopted this 13 day of June, 2017.

Town of Between Georgia

Ashley Blackstone, Mayor

Clerk

# Chapter 1

## Introduction & Overview

### Purpose

This comprehensive plan serves as a decision-making guide for local government officials and community leaders. Based on input from the public and a steering committee, the plan identifies needs and opportunities, goals and policies, land use practices, and an implementation framework for key elements.

### Process

The comprehensive plan process follows the rules of the Georgia Department of Community Affairs (DCA), Minimum Standards and Procedures for Local Comprehensive Planning, effective 3/1/2014.

### Public Involvement

#### Public Input & Steering Committee

The planning process began with a public hearing and was followed by a community input session, during which the public and a local steering committee were invited to discuss local trends and aspirations. Following the initial public meetings, several work sessions were held with a steering committee, with citizen, staff, and elected official membership. An online questionnaire provided additional feedback opportunities, as did the availability of steering committee members to take questions and comments throughout the process (as presented at the first public hearing). A final public hearing was held before submittal of the plan to DCA for review.

#### NEGRC's Role

The Northeast Georgia Regional Commission's Planning & Government Services Division oversaw the development of this plan, including facilitating public and steering committee meetings.

# Chapter 2

## Needs & Opportunities

The following list of needs and opportunities results from a Strengths, Weaknesses, Opportunities, and Threats (SWOT) analysis conducted at the first input meeting, with both steering committee and public present, as well as professional analysis of relevant data and results of the online questionnaire.

*\*Italicized entries indicate high priorities*

### Population

#### Needs

- Between's poverty rate, with limited exception, has remained slightly higher than Walton County's and lower than the state average; local government, employers, and social service providers should work together to address poverty

#### Opportunities

- *Due to a small population and city limits, as referenced by stakeholders, volunteerism should be encouraged, and a "Model Councilmember" program that cultivates citizen interest in community leadership similar to the City of Oxford's (Newton County) would be worth considering*
- The Georgia State Patrol's Post 46 is headquartered in Monroe, presenting an opportunity for enforcement and education in cooperation with county and municipal forces
- Athens Technical College's Monroe campus creates vast educational attainment opportunities for residents throughout Walton County, while proximity to other major institutions in Athens and Atlanta also contributes

## Economic Development

### Needs

- *Between retains 0% of its employed population for jobs in the town and 100% of in-town jobs go to people commuting in from elsewhere; as a community of Between's size has very few employment opportunities, this shows a need for increased economic activity consistent with the community's vision and goals*

### Opportunities

- *With Between's location along US78, equidistant from Monroe and Loganville, potential for retail and service-oriented business investment exists; small-scale, local retail is particularly of interest to the community*
- *Several other Walton County municipalities have enrolled in Project Road Share, which encourages bicyclists to ride in and around the area and has created great outside interest in the community; this is an opportunity for Between to increase notoriety and economic activity*
- Continued development of the Stanton Springs area is a major economic opportunity, not only for Walton County and its municipalities, but for Northeast Georgia and beyond; care should be taken to ensure that new projects there and elsewhere in the community meet high development standards
- A unified vision, based upon the stated goals in this plan and its predecessor, of encouraging growth that references and respects the community's natural and cultural resources could be a catalyst for quality economic development and a high standard of living

## Housing

### Needs

- Between's rate of owner-occupied housing is higher than both Walton County's and the state average; while this can serve as a positive, it may also indicate a need for increased rental options
- Stakeholder input noted tract (or, "cookie cutter") housing development as a threat within Walton County; design guidelines and other measures to increase variety of and quality in aesthetics may be needed

### Opportunities

- After significant nationwide decline, stakeholders cite a strong housing market in Walton County and point to ample land and infrastructure capacity for planned development, especially in the higher end of the price range

## Natural & Cultural Resources

### Needs

- *City stakeholders cite difficulty in keeping a “small-town feel” in the community; preserving the rural nature of the community by controlling development and establishing a tree-planting program should be prioritized*
- *Between stakeholders indicate that US78 is becoming too industrialized for local preferences; leadership should ensure that municipal and county development standards are sufficient to guide growth in the desired manner*
- *“Rural charm” was listed by stakeholders as a strength of Walton County’s; preserving the community’s character and resources should be a priority*

### Opportunities

- *Between leadership points to Greenville, SC’s downtown as an example of what the community would like to achieve: parks, trees, walkability/bikeability, greenways and trails, and public/private partnerships should be pursued, ideally through a comprehensive greenways and complete streets plan*
- *Open space and greenspace preservation can improve water quality, protect sensitive habitat, create recreational opportunities, and attract visitors; the community could work with land trusts to acquire and conserve land and water resources*

## Community Facilities & Services

### Needs

- *Since Between currently has no municipal tax collection, alternative revenue sources must be found*
- *As Walton County and its municipalities grow, so will the need for emergency services*

### Opportunities

- *A new Town Hall is planned for construction in 2019, opening up possibilities for community meeting space, increased service offerings, and visitor information*
- *Between stakeholders cite a planned park, to be built by Walton County, as a strength; master-planning and programming activities should be coordinated to maximize relevance to Between’s residents*
- *Public water is seen by stakeholders as a strength within Walton County; the Hard Labor Creek reservoir, scheduled for completion in 2017, represents an opportunity to build on this positive attribute while providing conservation and recreation benefits*

## Intergovernmental Coordination

### Needs

- As individuals and families continue to express an interest in recreation for all ages, service agreements between municipal and county governments may help address this need

### Opportunities

- Coordinated planning efforts between Walton County and its municipalities, as took place during the development of this document, provide a platform for informed decision making and effective investment

## Transportation

### Needs

- *Between stakeholders identified lack of control over US78 as a weakness; a close working relationship with the ARC MPO, GDOT, and Walton County transportation planners should be forged to increase Between's role in decision making along its main road*

### Opportunities

- *Communities across the country are building trails for walking and bicycling as a means to improve health, transportation choices, recreation, social interaction, and economic development; Between leadership sees trail development as a worthwhile opportunity*
- A well-maintained system of local and county roads was listed as a stakeholder-identified strength; keeping the roads in good condition by performing preventive maintenance represents an opportunity to avoid heavy repair and reconstruction costs in the future

# Chapter 3

## Vision Statement

*Between envisions a “hometown” community of tree-lined streets and connective walking and bicycling paths, a thriving and pleasant downtown where daily goods and services are available, and a neighborly atmosphere that welcomes residents and visitors.*

## Goals & Policies

1. Develop a comprehensive system of paths and trails for safe, healthy walking and bicycling, gathering, and community-building
2. Preserve the community’s small-town feel by concentrating employment within the central core of the city
3. Meet resident needs and attract newcomers and tourists by providing quality housing, recreation, education, shopping, employment, and transportation choices
4. Increase sense of community and encourage healthy living by developing parks, playgrounds, passive and organized recreation opportunities, safe spaces for walking and bicycling, greenspace, and accessibility for all abilities and ages
5. Anticipate and control impacts and opportunities associated with nearby growth, including traffic, development patterns and aesthetics, natural resources, and increased interest and attention
6. Become a live-work community and generate employment opportunities consistent with the desire to locate businesses centrally by supporting small, local businesses and discouraging “big-box” development
7. Work with other local governments inside and outside of Walton County to achieve the vision of this plan
8. Target public investment to guide private development to the locations and in the manner favored by the community

# Chapter 4

## Land Use

These future land use (FLU) categories correspond to the map that follows. While zoning and development regulations vary, FLU represents a standardized approach to envisioning and planning for desired scenarios. As such, it is natural that certain areas may appear to be inconsistent between the FLU and zoning maps because FLU presents a blueprint for what is to come.

### Residential

Predominantly single-family homes. Certain civic and recreational uses are typically allowed.

### Commercial

Retail, office space, and highway-commercial land uses, though small-scale neighborhood shops or offices may be desirable in certain places. Often restricted to nodes and arterial/major collector roads.

### Public/Institutional

Federal, state, local, and institutional land uses. Uses such as government offices, public safety posts, libraries, schools, religious institutions, cemeteries, and hospitals are representative.

### Transportation/Communication/Utilities

Infrastructure such as water treatment, sewage treatment, communications towers, utility providers, airports, power plants, and transportation.

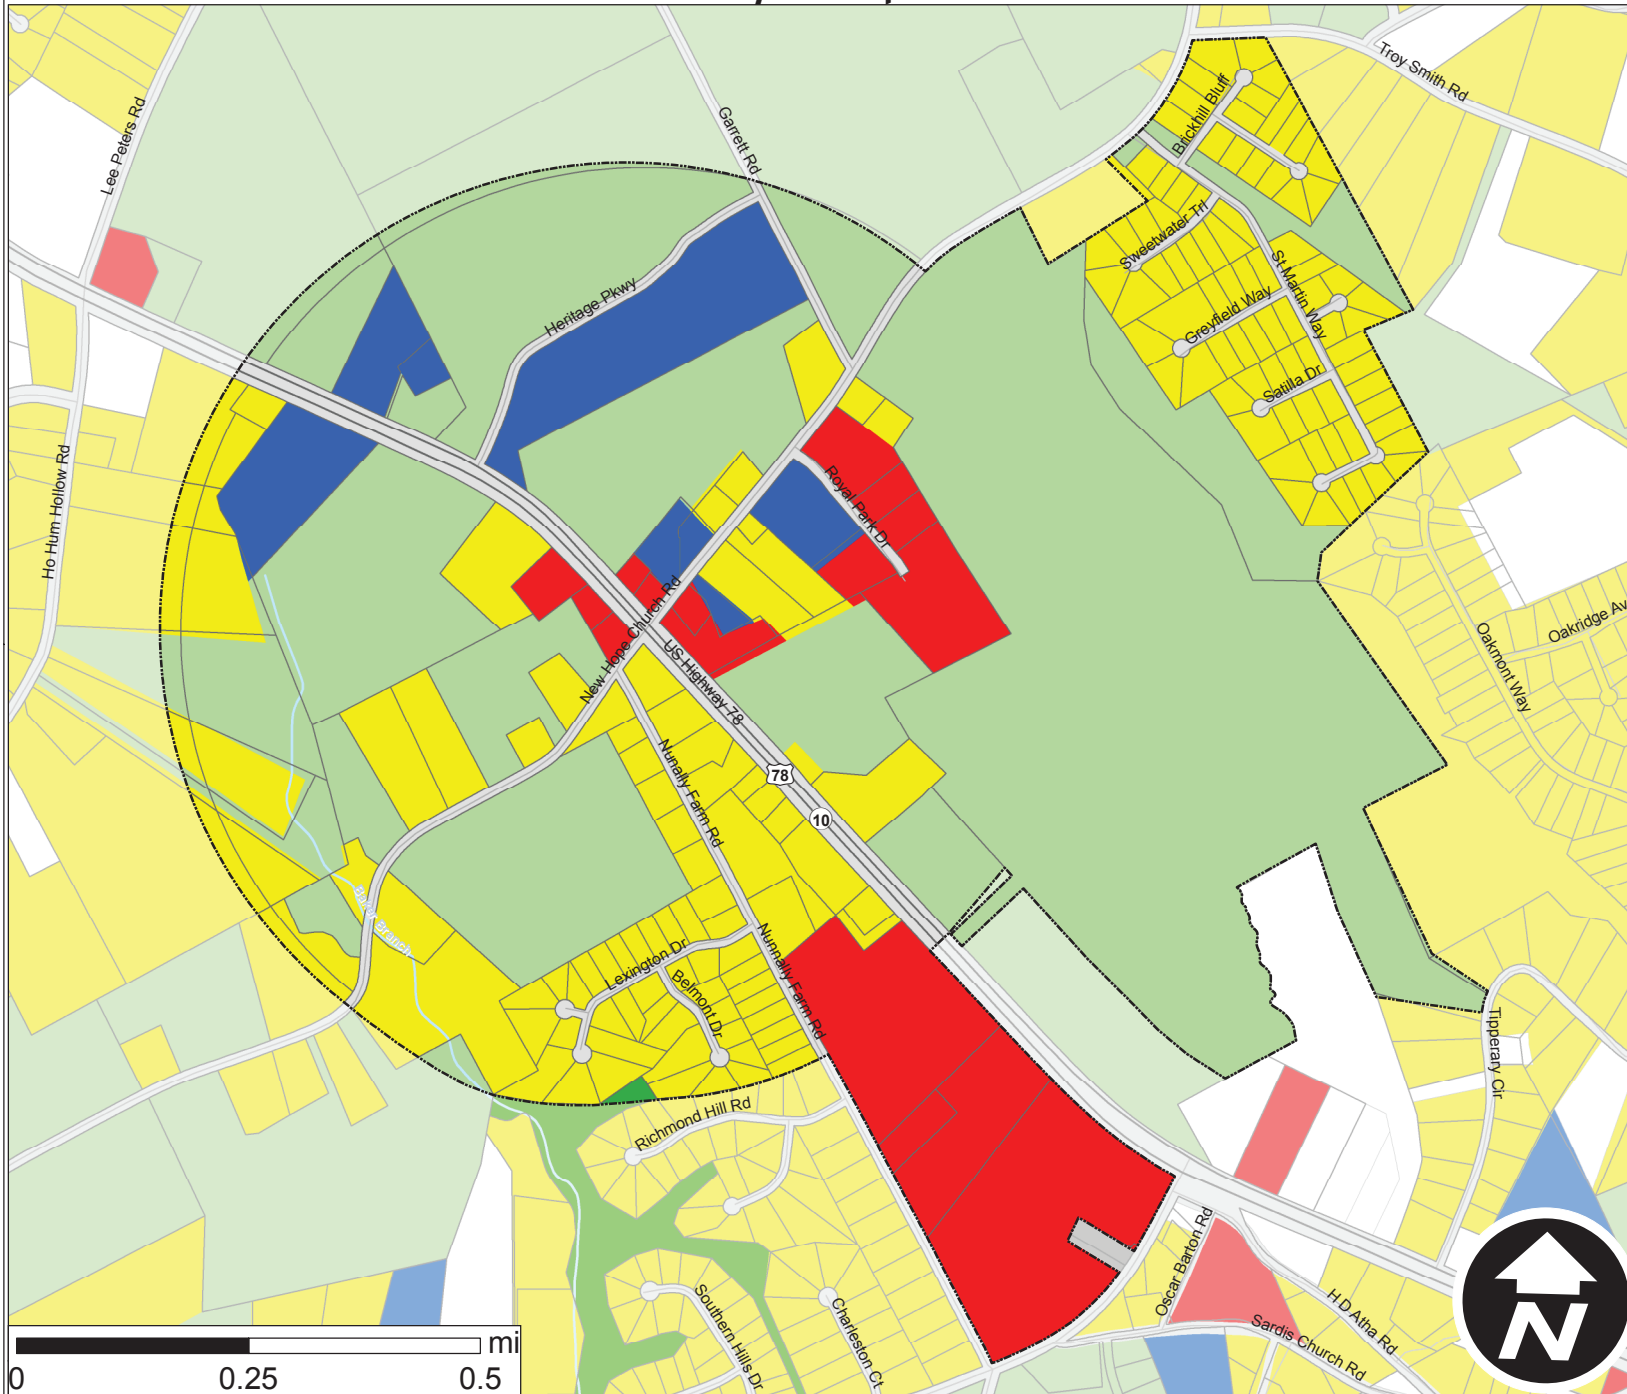

### Parks/Recreation/Conservation

Dedicated to preserving the natural environment, protecting historic and cultural resources, and providing space for passive recreational opportunities.

### Agriculture/Forestry

Farms and timberland. Residential development should maintain a rural character with single-family detached homes on large lots.

# Between Future Land Use Walton County Comprehensive Plan

## Future Land Use

- Residential
- Commercial
- Public/Institutional
- T/C/U
- Park/Rec/Cons
- Agriculture/Forestry

## Other

- State Route
- Local Road
- City Limits
- Rivers and Streams
- Parcels

This map is for planning purposes only.

NORTHEAST GEORGIA  
REGIONAL COMMISSION

3/23/2017

# Chapter 5

## Transportation

Since Between is located within the Metropolitan Planning Organization (MPO) boundary of the Atlanta Regional Commission (ARC), the State of Georgia requires its comprehensive plan to include this transportation element. MPOs are federally-mandated organizations that provide regional context to transportation planning in urbanized areas. This section and the ARC's Regional Transportation Plan (RTP) should be used together when considering local transportation decisions.

### Local and Regional Transportation Considerations

Transportation discussions are found throughout this comprehensive plan. Additionally, the community has identified the following *Objectives and Policies* from the ARC's RTP (2016, p47) as desirable in Between:

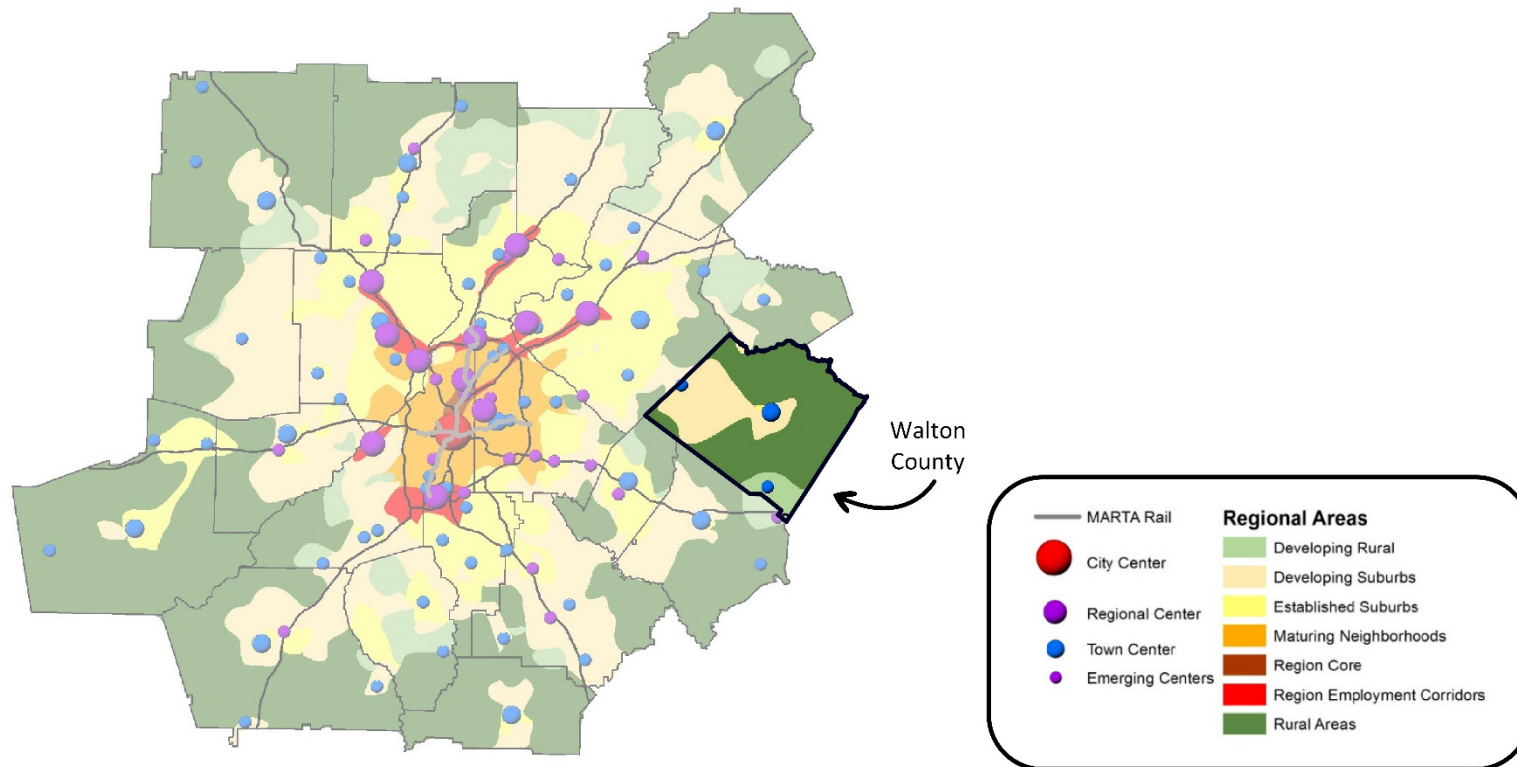

- 1.1 Prioritize data-supported maintenance projects over expansion projects.
- 1.2 Promote system reliability and resiliency.
- 1.3 Promote transit and active transportation modes to improve access.
- 2.3 Promote bicycle transportation by developing safe and connected route options and facilities.
- 2.4 Promote pedestrian-friendly policies and designs.
- 3.1 Prioritize solutions that improve multimodal connectivity.
- 3.3 Road expansion projects in rural areas should support economic competitiveness by improving multi-modal connectivity between centers.
- 3.4 Implement a complete streets approach on roadway projects that is sensitive to the existing community.
- 4.1 Promote and enhance safety across all planning and implementation efforts, including support for the state strategic highway safety plan.

## Growth and Development

Between’s Future Land Use vision, which is detailed in Chapter 4 and around which additional discussion takes place throughout this plan, prioritizes rural preservation, downtown development, and neighborhood-based residential life. The ARC RTP’s Unified Growth Policy Map (UGPM), which describes Between as Developing Suburbs, somewhat conflicts with the community’s desired growth patterns by overgeneralizing and not accounting for Between’s incorporated status. The local government and the ARC should refer to the growth and future land use vision described in this comprehensive plan rather than the RTP’s UGPM.

## Between and the ARC MPO

Between does not participate directly in the Atlanta MPO. It is represented through the Walton County government on the Transportation & Air Quality Committee and Transportation Coordinating Committee, and as part of the ARC’s Municipal District 6, which includes other cities within Walton, Barrow, and Gwinnett counties. No ARC RTP projects are programmed for Between  
[\(http://garc.maps.arcgis.com/apps/webappviewer/index.html?id=025ca60f2ee54b779dc77209e51f3f25/\)](http://garc.maps.arcgis.com/apps/webappviewer/index.html?id=025ca60f2ee54b779dc77209e51f3f25/).

# Chapter 6

## Community Work Program

The Short-Term Work Program (2017-2021), updated every five years, provides a list of specific activities that the community plans to address as immediate priorities. A Report of Plan Accomplishments, which provides status commentary on the previous work plan (2012-2016), follows.

**Short-Term Work Program, 2016-2020**

(\*entries with an asterisk represent carryover items from the previous STWP)

#	Activity	Timeframe	Responsible Party	Cost Estimate	Funding Source
<b>POPULATION</b>					
1	Conduct a pilot of Honorary Councilmember program similar to City of Oxford (citizen shadows councilmember for a month)	2017	City leadership	None	NA
<b>ECONOMIC DEVELOPMENT</b>					
2	Identify suitable locations for commercial development that is consistent with the community's vision and seek out developers and business owners	2017-2021	City leadership	None	NA
3	Study and implement mechanisms to discourage big-box development	2017-2019	City leadership	Minimal	City
4	Enroll in Walton Wellness's "Project Road Share" to create economic development opportunities and make bicycling safer in Between	2017	City leadership	Minimal	City, Walton Wellness
<b>LAND USE, HOUSING, AND DEVELOPMENT</b>					
5	Review and, if appropriate, update zoning and development code to ensure that new development is compatible with the community's vision, especially regarding commercial and industrial development	2017-2019	City leadership	\$0-\$15,000	City, DCA
6	Work with Walton County staff and leadership to guide and control industrial growth in nearby unincorporated areas per zoning code	2017-2018	City leadership	Unknown	City, County, DCA
<b>NATURAL AND CULTURAL RESOURCES</b>					
7	*Create an inventory of historic sites within the community	2019	City leadership, Walton County historical group	\$0-\$2,500	City, DCA, DNR
8	Seek funding for and, if successful, establish a tree-planting program	2017-2019	City leadership	Minimal	City
<b>COMMUNITY FACILITIES &amp; SERVICES</b>					
9	Evaluate and implement alternative revenue sources to municipal tax	2017-2019	City leadership	\$2,500	City, DCA
10	*Construct new Town Hall	2017-2019	City leadership	\$200,000+	City, SPLOST
11	*Construct new walking trail (dependent on construction of county park)	2020	City leadership	\$20,000	City
<b>TRANSPORTATION</b>					
12	Develop a local complete streets and greenways plan	2018-2019	City leadership	\$2,000	City, GDOT
13	Develop a plan (formal or informal) to improve local impact on decisions regarding US78	2017-2018	City leadership, County, ARC MPO, GDOT	Minimal	City, ARC, GDOT
14	Prioritize transportation needs for inclusion in future SPLOST and T-SPLOST	2018-2019	City leadership	None	NA
15	Apply for GDOT's Roadside Enhancement and Beautification Council grant	2017-2019	City leadership	\$2,500-\$7,500	City, GDOT

**Report of Plan Accomplishments, 2012-2016**

ACTIVITY	STATUS	NOTES
Upgrade and revitalize current Town Hall/Town Sign on SR78 and landscape area around both	Abandoned	Instead of this project, Between has chosen to repave its Town Hall parking lot and focus on Town Hall reconstruction
Create inventory of historic sites	Postponed	2019 completion – has not been a priority
Construct new Town Hall	Postponed	2019 completion – funds are still being assembled
Construct new walking trail	Postponed	2020 completion – planning to conduct this work with planned park improvements
Improve and repair St. Martin Way, Brickhill Bluff, Brockington Creek Pass, Sweetwater Trail, Greyfield Way, Carnegie Pass, and Satilla Drive	Abandoned	New development project has made completion doubtful

**Public Notice**

Walton County and the municipalities of Between, Good Hope, Jersey, Loganville, Monroe, Social Circle, and Walnut Grove announce a Public Hearing for the beginning of the 2017 joint comprehensive planning process at 2:30 p.m., Thursday, October 27 at 303 S Hammond Drive, Conference Room G2, Ground Floor. The purpose of the Public Hearing is to brief the community on the planning process and opportunities for public participation therein. A Public Meeting, at which attendees will be asked for their input on the county's and municipalities' future, will be held at 3:00 p.m. at the same location.

All persons having an interest in this petition should be present to voice their interest and/or objection. If you are an individual with a disability and require special assistance at this meeting, please contact our office at 770-267-1320 and arrangements will be made.
