1.0 Introduction

Walker County and the Cities of LaFayette, Rossville, Chickamauga, and Lookout Mountain have a good planning record and have completed a full comprehensive plan in the past. The current leadership of the respective governments acknowledge their desire to maintain their Qualified Local Government status and consent to prepare a new comprehensive plan document in compliance with State requirements. As such, this citizen participation plan is one of the early steps in the planning process and intends to convey the multiple methodologies that will be employed to solicit the participation and comments of as many citizens as possible, as well as the input from various committees, advisory boards, agencies, and groups that might have a viewpoint about the future look and direction of Walker County and its cities.

1.1 Purpose

The development of this new Comprehensive Plan intends to enhance and strengthen all previous planning efforts by creating opportunities for citizens to work collaboratively on the challenges that shape their community. The intent is to ensure that realistic issues and opportunities are identified, so that a functional community agenda and work program can be established. Good elected leadership is the prime starting point followed by the contributions of experienced governmental staff members. Then, the citizenry themselves, a mix of viewpoints and experiences and education, is important to the final plan product. This Community Participation Program is designed to establish communication between local citizens and their government officials, with the overall goal of making better decisions and creating an overall Comprehensive Plan that is supported by the public.

The Community Participation Program provides a specific schedule to guide the development of the Community Agenda, including planned community participation events or meetings at key points during the process. This document includes three required steps described in sections below:

- Identification of Stakeholders
- Identification of Participation Techniques
- Schedule for Completion of the Community Agenda

1.2 Scope

State law requires Walker County and the Cities of LaFayette, Rossville, Chickamauga, and Lookout Mountain to prepare a new Comprehensive Plan by February 28, 2012. As prescribed by the Georgia Department of Community Affairs (DCA), the Comprehensive Plan follows the Standards and Procedures for Local Comprehensive Planning effective May 1, 2005.

As outlined in the Rules for Comprehensive Planning, Section 110-12-1-.04:

"The purpose of the Community Participation Program is to ensure that the local comprehensive plan reflects the full range of community values and desires, by involving a diverse spectrum of stakeholders in development of the Community Agenda. This broad-based participation in developing the Community Agenda will also help ensure

that it will be implemented, because many in the community are involved in its development and thereby become committed to seeing it through."

The DCA also requires that the Community Participation Program be developed and submitted for approval prior to the start of the public involvement process. This document outlines our strategy to develop and implement a functional and effective public participation program for developing a new Joint Comprehensive Plan, 2012-2032.

1.3 Review Process

After holding an initial Public Hearing on Wednesday, May 25, 2011, the Community Assessment, the Supporting Data and Analysis, and the Community Participation Program were submitted to the Northwest Georgia Regional Commission (NWGRC) for review. Within seven (7) days of receipt, the NWGRC determined whether the Community Assessment and the Community Participation Program met the standards of completeness as determined by the DCA. Upon determination of completeness, the NWGRC sent the Community Participation Program to the DCA staff, who reviewed the document for its adequacy in identifying specific mechanisms to ensure meaningful involvement of the community in the development of the Community Agenda. The DCA transmitted a complete report of its findings and recommendations for addressing such findings to the NWGRC for inclusion in its Report of Findings. Once reviewed, the Community Assessment and the Community Participation Program must be publicized by the local government for public information. This requirement is met by providing notice in a local newspaper of general circulation identifying where complete copies of the Community Assessment and the Community Participation Program may be reviewed.

2.0 Identification and Participation of Stakeholders

It is important to incorporate checks and balances as well as coordination and oversight into a project of this importance. This approach assures quality throughout the process. These checks and balances and oversight are being provided by the Walker County Commissioner; the Mayors and City Councils of LaFayette, Rossville, Chickamauga, and Lookout Mountain, city and county departments, business and civic organizations, and citizens serving contributing to the planning process. Groups participating in the process are listed below and are led through the process by the Steering Committee.

2.1 Comprehensive Plan Steering Committee

To assist with oversight of the planning process, the County and Cities each appointed two members to serve as the Comprehensive Plan Steering Committee. Sole Commissioner, Bebe Heiskell is also a participant in the planning process, along with NWGRC staff.

Mr. David Ashburn, County Coordinator, Walker County

Ms. Kelia Kimbell, Planning Director and Stormwater Program Manager, Walker County

Mr. Johnnie Arnold, City Manager, LaFayette

Mr. Rod Robertson, Superintendent, Codes & Engineering, LaFayette

Teddy Harris, Rossville
Bobby McNabb, Rossville Downtown Development Authority, Rossville

Mr. Jim Staub, Council, Planning & Development, Chickamauga
Mr. John Culpepper, City Manager, Chickamauga

Mr. Bill Glascock, Mayor, Lookout Mountain
Mr. Brad Haven, City Manager, Lookout Mountain

NWGRC Staff

David Howerin, Director of Regional Planning
Barnett Chitwood, Assistant Director of Regional Planning
Dan Latham, Senior Planner/Historic Preservation

An initial "kick-off" meeting was held with elected officials in September 2010 to explain the planning requirements, the process to be employed and the expected products. A second meeting was held on March 10, 2011 with Walker County officials to explain recent changes to the rules for Comprehensive Planning, resulting from poor economic times and a State desire to streamline some processes. Walker County expressed the desire to continue forward with their new Comprehensive Plan. On March 31, 2011 a meeting was held with the above Steering Committee to solicit input on the Analysis of Consistency with Quality Community Objectives, and to solicit input on the preliminary draft of the Community Assessment, Supporting Data & Documentation, and this Public Participation Plan. The initial staff presentation established April 15 as the date for the steering committee to return comments, concerns, and corrections.

The Comprehensive Plan Steering Committee, in conjunction with other local citizens, will be used to develop the Community Agenda via a series of sessions, designed to solicit significant input from all stakeholders. The Plan Steering Committee and other citizens, representing a cross-section of demographic and geographic interests of the unincorporated areas and the cities, will be used to identify the community vision and implementation strategies deemed necessary to fulfill the vision. (See proposed schedule.)

2.2 Other Individuals and Organizations

Other individuals and groups serving as stakeholders are listed below. These individuals and organizations are expected to contribute through interviews, or by email or telephone during the development of the Community Assessment and gathering of supporting documentation, and provide insights into the identification of issues and opportunities. They will also contribute to the completion of the community agenda and the Short-Term Work Program.

3.0 Identification of Participation Techniques

A variety of techniques will be used to promote the plan updates and provide opportunities for public participation as follows:

3.1 Outreach

It was determined by the Northwest Georgia Regional Commission, and the county and city governments that the following outreach techniques were best suited for relaying and receiving information back from the public:

1. **Websites:** All local governments in Walker County have individual websites. Press releases, hearing notices, the draft Community Assessment, Community Participation Program, and the Community Agenda can all be displayed as they are drafted. The websites follow: www.walkerga.us; www.cityoflafayettega.org; www.rossvillega.gov; www.cityofchickamauga.org; and www.lookoutmountainga.com.

2. **Organizational E-Mail Lists:** The various city and county organizations and officials mentioned previously have contact lists that will be used to supply a network of outlets for distribution of meeting notices via e-mail. The same network may be used to coordinate the posting of notifications in public spaces.

3. **Newspapers:** Notices will also be listed in the Walker County Messenger, which is distributed throughout the county. It is expected the paper will also feature articles, periodically, describing the planning process and outline opportunities for the public to participate. [address: 102 Main Street, LaFayette, GA 30728; walkercountymessenger@walkermessenger.com; 706-638-1859; 706-638-7045 (fax)]; www.catwalkchatt.com

4. **Local Radio:** Many Walker County residents listen to a local radio station, WQCH (1590 AM) for local news and information. The station will announce information concerning any Comprehensive Plan meetings scheduled during the development of the Community Agenda. Information regarding WQCH can be found at www.wqch.net.

5. **Local Government Posting:** The Walker County administration building and the Planning & Development Office receives a fair amount of foot traffic on a daily basis. Many residents visit public buildings for a variety of county services, so posting of upcoming meetings within these buildings can alert citizens of any upcoming meetings scheduled regarding the Comprehensive Plan. Postings will also be listed in the respective city halls for the cities of LaFayette, Rossville, Chickamauga, and Lookout Mountain, plus Fort Oglethorpe (overlaps into Walker County). Addresses for these locations are as follows:

Walker County Commissioners Office

101 South Duke Street
LaFayette, Georgia 30728

Walker County Planning & Development Office

101 Napier Street, Suite A
LaFayette, Georgia 30728

City of LaFayette
207 South Duke Street
LaFayette, Georgia 30728

City of Rossville
400 McFarland Avenue
Rossville, Georgia 30741

City of Chickamauga
103 Crittenden Avenue
Chickamauga, Georgia 30707

City of Lookout Mountain
1214 Lula Lake Road
Lookout Mountain, Georgia 30750

City of Fort Oglethorpe (*Overlaps into Walker County from Catoosa County*)
500 City Hall Drive
Fort Oglethorpe, GA 30742

6. Community Vision Survey: A Community Vision Survey will be developed to solicit citizen input in identifying solutions to the various issues and opportunities facing the county and cities. Copies of the Community Vision Survey will be available on each website listed above and will be available for pick-up at any of the local government posting offices listed above. Once the citizen has filled out the survey, it may be dropped off or faxed or mailed to the Walker County Planning and Development Office, at 101 Napier, Suite A or P. O. Box 445, LaFayette, GA 30728. The FAX number is: 706-638-9406. The questionnaire results will be summarized prior to planning staff visiting with each local government in mid-August.

3.2 Public Meetings

Public meetings/work sessions where good citizen participation is expected will be held at the Walker County Civic Center, 10052 N. Highway 27, Rock Springs, GA 30739. Periodic coordination meetings with the Steering Committee will be held either in the Commissioner's Conference Room, 101 South Duke Street, LaFayette, GA 30728 or at the 911 Center, 107 Alex Drive, Chickamauga, GA 30707. All locations:

- are convenient to the population
- are easily accessible by all residents in the county and city areas
- can accommodate large crowds (Civic Center)
- have adequate parking and are handicapped equipped

As mentioned earlier, **legal public hearings** with all local governments participating will be held prior to the transmittal of the Community Assessment and Community Participation Plan, and later, prior to the transmittal of the Community Agenda to the Regional Commission and State for review. After the legal public hearings each local government will adopt their Transmittal Resolutions, as appropriate, officially authorizing their document submissions. Draft plan documents will be made available to the public in advance of each legal public hearing, and public comments will be welcomed. The

first joint, legal public hearing will occur: May 25, 2011; and the second will occur: approximately Wednesday, November 16, 2011.

3.3 Visioning Workshops

Two Visioning Workshops will be held in the early part of August, 2011 (or as soon as the Community Assessment and proposed Community Participation Program are approved). Each workshop will be the same, and will offer two opportunities to participate. These workshops will be open to the public and stakeholders and will be used to prioritize issues and opportunities facing the county and cities, as well as to identify potential solutions; input into the potential character areas is also desired; help in defining a vision for the county and cities; and providing overall input to determine the type, intensity, and location of desired development.

4.0 Schedule for Completion of the Community Agenda

Below is a summary of milestones that follow the schedule for completion of the Comprehensive Plan Update. Upcoming milestones in this schedule include:

Chickamauga, Rossville, & Lookout Mountain
2012-2032

2011 Community Vision Survey

The Community Assessment that was previously published identified a variety of potential issues and opportunities facing the cities and county that should be addressed in the next phase of the planning process. Your response to this survey will help develop the Community Agenda, which identifies the future vision for the county and the cities, identifies key issues and opportunities, then proposes an implementation program for the future.

The following statements help us with planning issues facing Walker County and the Cities of LaFayette, Chickamauga, Rossville, & Lookout Mountain. Your input is very important. **Please mark the answer that best describes your thoughts on each subject.**

Deliver or mail to: Walker County Planning and Development Office, 101 Napier, Suite A; LaFayette, GA 30728 or fill out the survey and email it to planning@walkerga.us .
