Form 2 Summary of Service Delivery Arrangements

County: Johnson County

Service: Elections and Voter Registration

Section 2

Explanation for Continuing the Arrangement

No change is anticipated. The County provides for all countywide, state, and federal elections, as well as voter registration, through the Johnson County Board of Elections. The City of Wrightsville contracts with the Board of Elections to provide for municipal elections. The cities of Adrian and Kite provide for their own municipal elections.

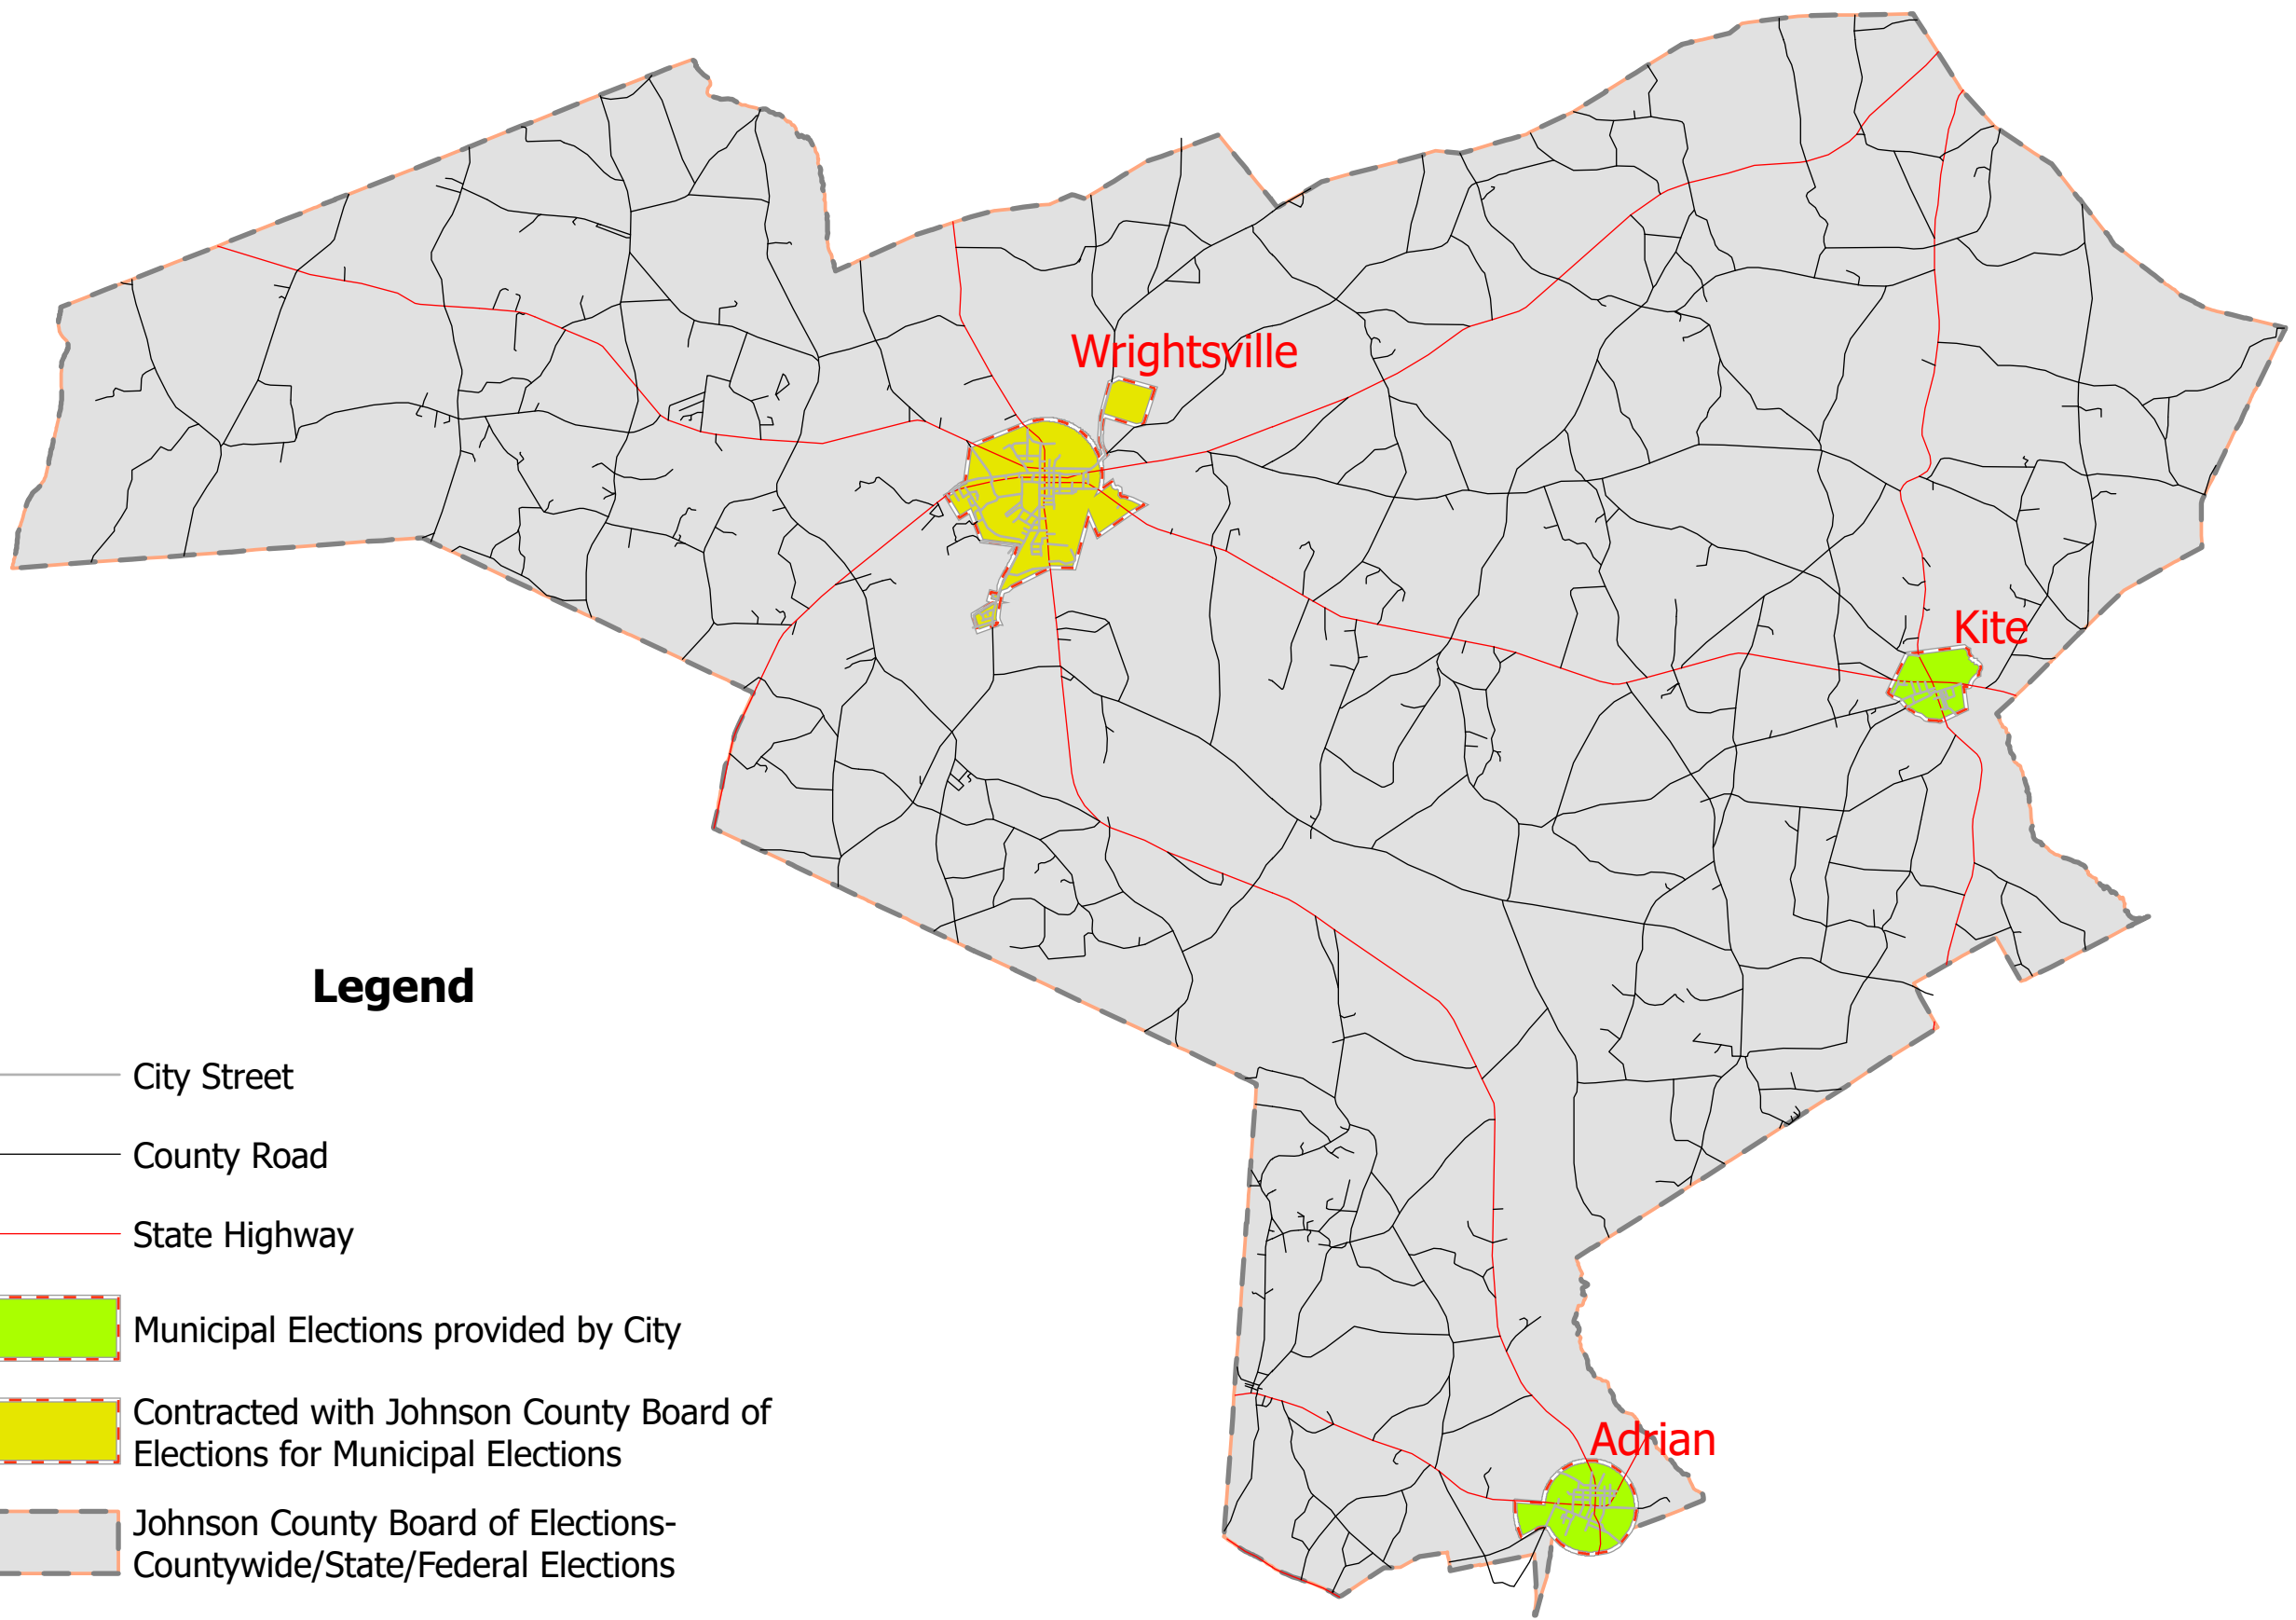

Per O.C.G. A. 36-70-24 (1) - (1) "When a municipality provides a service at a higher level than the base level of service provided throughout the geographic area of the county by the county, such service shall not be considered a duplication of the county service;"

Johnson County provides base level elections service throughout the geographic area of the county for countywide, state, and federal elections and provides voter registration services countywide through the Johnson County Board of Elections. The City of Wrightsville provides for municipal elections for their own jurisdiction, a higher level of service, through contract with the Board of Elections. The Cities of Adrian and Kite provide for municipal elections within their own jurisdictions, which is a higher level of service. Because the municipalities of Adrian, Kite, and Wrightsville (through County Contract) are providing for municipal elections only-a higher level of service-- and the County is providing election services for countywide, state, and federal elections, this is not considered a duplication of county service.

Explanation for Continuing the Arrangement

The County will continue to provide a joint county recreation program countywide. The City of Wrightsville directly contributes \$20,000 per year to assist with funding of the Johnson County Recreation Department. Adrian provides some limited organized activities to residents within their own jurisdiction but has no formal recreation department. Kite's gym is available for rent and its citizens can utilize the ballfield. Recreational facilities and activities in Adrian and Kite are a higher level of service. A formal intergovernmental agreement is needed for the purposes of clarifying and formalizing duties and responsibilities. No change is anticipated.

Per O.C.G. A. 36-70-24 (1) - (1) "When a municipality provides a service at a higher level than the base level of service provided throughout the geographic area of the county by the county, such service shall not be considered a duplication of the county service;"

Johnson County provides base level recreation service throughout the geographic area of the county (Johnson County Recreation Department). The cities of Adrian and Kite do not have formal recreation departments. Adrian provides some limited organized activities to residents within their own jurisdiction but has no formal recreation department. Kite has a gym and ballfield available within their own jurisdiction with no recreation department and no formal/organized activities. Kite's gym is available for rent and its citizens can utilize the ballfield. Facilities and activities offered within the City of Kite and the City of Adrian are a higher level of service, which is not a duplication of the county service.

COUNTY: JOHNSON COUNTY

1. What incompatibilities or conflicts between the land use plans of local governments were identified in the process of developing the service delivery strategy?
No incompatibilities or conflicts were identified between the land use plans of the local governments during the development of the service delivery strategy. Johnson County and the cities of Kite and Wrightsville first developed a Joint Comprehensive Plan in 1994, followed by a Full Plan Update in 2004, a Partial Update in 2009, a Full Plan Update in 2013, and are in the process of preparing a joint new Full Plan Update in 2023. The City of Adrian plans with Emanuel County for comprehensive planning purposes, but the City did participate and is addressed in this service delivery strategy.

2. Check the boxes indicating how these incompatibilities or conflicts were addressed:

- Amendments to existing comprehensive plans
- Adoption of a joint comprehensive plan
- Other measures (amend zoning ordinances, add environmental regulations, etc.)

If "other measures" was checked, describe these measures:
Describe "Other" Measures Here

NOTE:
If the necessary plan amendments, regulations, ordinances, etc. have not yet been formally adopted, indicate when each of the affected local governments will adopt them.

3. What policies, procedures and/or processes have been established by local governments (and water and sewer authorities) to ensure that new extraterritorial water and sewer service will be consistent with all applicable land use plans and ordinances? If a city did wish to provide extraterritorial water and sewer service, they would notify the County. The proposal would have to be consistent with land use plans, as defined in the Joint Comprehensive Plan. The City and County would reach agreement of the proposal before the City would proceed.
