# LAND USE AND ANNEXATION DISPUTE PROCESS RESOLUTION

WHEREAS, the Long County Board of Commissioners and the Mayors and Councils of it's political jurisdictions have found it necessary, desirable and in the public interest to establish a formal process to resolve land use disputes as these relate to property annexation and land use plans, and

WHEREAS, the Long County Board of Commissioners and the governing body of the county's municipal jurisdictions have jointly developed a cooperative plan to resolve said issues,

**BE IT THEREFORE RESOLVED** by the Long County Board of Commissioners of Long County, Georgia, and the governing body of the City of Ludowici, **IT IS HEREBY RESOLVED** by the Authority of same:

<u>Section 1.</u> Effective July 1, 1998, the following process for resolving land use disputes shall be implemented:

- 1. Prior to initiating any formal annexation activities, the City will notify the county of a proposed annexation and provide information on location of property, size of area, and proposed land use or zoning classification(s) (if applicable) of the property. Within 45 working days following receipt of the above information, the county will forward to the city a statement either: (a) indicating that the county has no objection to the proposed land use for the property; or (b) describing it's bona fide objection(s) to the city's proposed land use classification, providing supporting information, and listing any possible stipulations or conditions that would alleviate the county's objection(s);
- 2. If the county has no objection to the city's proposed land use or zoning classification, the city is free to proceed with the annexation. If the county fails to respond to the city's notice in writing within the deadline, the city is free to proceed with the annexation and the county loses its right to invoke the dispute resolution process, stop the annexation or object to land use changes after the annexation.
- 3. If the county notifies the city that it has a bona fide land use classification objection(s), the city will respond to the county in writing within 45 working days of receiving the county's objection(s) by either: (a) agreeing to implement the county's stipulations and conditions and thereby resolving the county's objection(s); (b) agreeing with the county and stopping action in the proposed

annexation; (c) disagreeing that the county's objection(s) are bona fide and notifying the County that the city will seek a declatory judgment in court; or (d) initializing a 30 day (maximum) mediation process to discuss possible compromises.

- If the city initiates mediation, the city and 4. county will agree on a mediator, mediation schedule and determine participants in the mediation. The city and county agree to share equally any costs associated with the mediation.
- 5. If no resolution of the county's bona fide land use classification objection(s) results from the mediation, the city will not proceed with the proposed annexation.
- If the city and county reach agreement as described 6. in this Dispute Process Resolution, they will draft an annexation agreement for execution by the city and county governments and the property owner(s).
