**UTILITIES
WATER AND SEWER SERVICE
SERVICE DELIVERY AGREEMENT**

WHEREAS, this Service Delivery Agreement, between Murray County, a political subdivision of the State of Georgia formed in existing pursuant to the Constitution of the State of Georgia, and the City of Chatsworth and the City of Eton, all being municipal corporations chartered and existing pursuant to the laws of the State of Georgia; and,

WHEREAS, §§ 36-7-20 through 37-7-28, of the Official Code of Georgia Annotated mandates that Murray County and all municipalities located therein shall participate in the development of a Service Delivery Strategy through which Murray County and said municipalities shall create and maintain service delivery system which is efficient, effective, and responsive to all citizens of Murray County; and

WHEREAS, § 36-70-24(1) of the Official Code of Georgia Annotated, mandates that said Service Delivery Strategy shall identify steps which will be taken to remediate or avoid overlapping and unnecessary competition and duplication of service delivery and that said Service Delivery Strategy shall identify the time frame in which such steps should be taken; and

WHEREAS, § 36-70-25 of the Official Code of Georgia Annotated, mandate that said Service Delivery Strategy receive the approval of Murray County in the governing authorities of municipalities located within Murray County on terms more particularly described in said Code Section; and

NOW, THEREFORE, we the undersigned, being duly authorized to act on behalf of the above named entities, in consideration of the mutual covenants and promises contained herein, agree as follows concerning the provision of water and sewer services within Murray County.

WITNESSETH

**SECTION I.
DESCRIPTION OF CURRENT SERVICE DELIVERY ARRANGEMENT**

The provision of water and sewer services by Murray County or any municipality within its corporate limits is discretionary. To meet the needs of its citizens, the City of Chatsworth in 1948, took the first steps to create a water work system by a local act of the Georgia Legislature. The Chatsworth Waterworks Commission (hereinafter “Chatsworth Water Commission”) presently provides water and sewer services to the City of Chatsworth and provides the same service to areas outside its corporate limits. Neither Whitfield County or any of the other municipalities within its borders own, operate or provide water, sewer, gas or electric services to its citizens. The Board of Water, Light and Sinking Fund Commissioners of the City of Dalton, a municipality located within Whitfield County, Georgia (hereinafter “Dalton Utilities”) currently provides water to the east side of the County. Residents of the County are also provided with water services from the City of Calhoun and Dalton Utilities. Sufficient electrical service has been provided to all County residents by North Georgia Electric, Georgia Power, and Dalton Utilities. The demands of the County and municipalities, other than the above referenced utilities for potable water and sewage treatment, have been satisfied by the drilling of wells and installation of individual septic systems. In September 1999, as a result of detailed negotiations, the Murray County Board of Commissioners entered into a Utility Service Agreement with Dalton Utilities. The Agreement reflects a commitment of Dalton Utilities to provide potable water service to a select portion of Murray County. The method of payment for the capital improvements is described therein and is viewed as beneficial to all parties involved. The Agreement, having been negotiated and entered into subsequent to the passage of House Bill 489, incorporates the goal of said law in

assuring water rates which are based on the cost of providing the service and not on arbitrary standards.

**SECTION II.
FUTURE DELIVERY STRATEGY**

The parties hereto agree that the service delivery arrangement described above is efficient, effective, and responsive to all citizens of Murray County. Therefore, the parties hereto agree that no need exists to change said service delivery arrangement.

Further, the parties hereto agree that no duplication exists in the provision of water and sewer services within Murray County, for the reasons set forth above.

The parties hereto agree that should any party undertake any action which may result in overlapping, competition or duplication of the current service delivery arrangement, or in the future Service Delivery Strategy described in the Delivery Agreement, that party shall notify the other parties to this Agreement, so as to facilitate continued compliance with the requirements of Georgia law as referenced above.

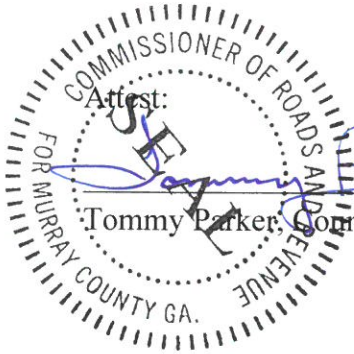

IN WITNESS WHEREOF, each of the undersigned has executed this Service Delivery Agreement on behalf of the respective parties set forth below, pursuant to the authority granted to each of the undersigned in the resolution by which each party approved and adopted this Service Delivery Agreement.

MEMORANDUM OF AGREEMENT

Between

CHATSWORTH WATER WORKS COMMISSION

And

MURRAY COUNTY, GEORGIA

Purpose of MOA

The purpose of this Memorandum of Agreement (MOA) is to document the agreed upon partnership of Chatsworth Water Works Commission (CWWC) and Murray County, Georgia to implement and enforce the Storm Water Management Plan (SWMP) within the designated urbanized area for Murray County, as required by the Georgia Department Natural Resources Environmental Protection Division (EPD) in accordance with Permit Number GAG610000.

Duration

The MOA shall commence upon the signing of this document and shall terminate on the expiration date of the SWMP on December 31, 2022.

Early Termination

The MOA may be terminated by either party with a 30 days written notice informing the other party of their intentions to terminate the agreement.

Amendments

The MOA may be amended at the agreement of both parties.

Scope

The scope of work agreed upon by Chatsworth Water Works Commission and Murray County are as follows:

- A. CWWC will coordinate with Murray County personnel and Consultants hired by the city to ensure the SWMP is being implemented and followed in accordance with EPD guidelines and regulations.
- B. CWWC will serve as a liaison between Murray County and the EPD including all correspondence and submittals.

- C. CWWC will perform engineering reviews of all plans with land disturbance activities for any municipal, residential and commercial development and redevelopment within the designated urbanized area of Murray County.
- D. CWWC will review and submit all documents required under the SWMP to EPD to ensure all data and information the plan requires to be submitted is included and correct.
- E. CWWC will assist with the distribution of educational material by making brochures available to the general public and providing the material to all new customers performing any land disturbing activities when they sign up for water and sewer service with CWWC.
- F. CWWC will provide support for mapping, sampling and testing functions as required in the SWMP.

Compensation

CWWC reserves the right to recoup all financial assistance incurred by CWWC as a result of meeting the scope of work detailed in the MOA including but not limited to salaries, equipment, benefits, testing and any direct purchases that may be required. CWWC will acquire approval from Murray County prior to purchasing any equipment or supplies as part of this MOA. The compensation shall be for actual cost incurred with no additional mark ups. A detailed invoice for the goods and services will be submitted to Murray County by December 1st each year if CWWC is requesting compensation for that calendar year.

The MOA may be amended at the agreement of both parties.

Scope

The scope of work agreed upon by CWWC and the City are as follows:

- A. CWWC will coordinate with City personnel and Consultants hired by the city to ensure the SWMP is being implemented and followed in accordance with EPD guidelines and regulations.
- B. CWWC will serve as a liaison between the City and the EPD including all correspondence and submittals.

- C. CWWC will perform engineering review of all plans with land disturbance activities for any municipal, residential and commercial development and redevelopment within the city limits of the City of Eton.
- D. CWWC will review and submit all documents required under the SWMP to EPD to ensure all data and information the plan requires to be submitted is included and correct.
- E. CWWC will assist with the distribution of educational material by making brochures available to the general public and providing the material to all new customers performing any land disturbing activities when they sign up for water and sewer service with CWWC.
- F. CWWC will provide support for mapping, sampling and testing functions as required in the SWMP.

City Responsibilities

The City's responsibility includes but is not limited to the following items:

- A. Installation and maintenance of all new and existing storm water infrastructure that is required to meet the SWMP.
- B. Maintaining all data and records required in the SWMP for annual reporting requirements.
- C. Enforcement of requirements in the SWMP for all new development and redevelopment projects.

Compensation

CWWC is entitled to be reimbursed its costs for its services as a result of meeting the scope of work detailed in the MOA including but not limited to salaries, equipment, benefits, testing and any direct purchases that may be required. The cost of implementing the program will be divided equally between the City, Murray County, and the City of Chatsworth. CWWC will acquire approval from all three entities listed above prior to purchasing any equipment or supplies as part of this MOA. The compensation shall be for actual cost incurred with no additional mark ups. A detailed invoice for the goods and services will be submitted to the City by December 1st each year for the previous twelve (12) month period.

Breach of Agreement

Failure to pay the submitted invoice within Sixty (60) days will constitute a breach of said agreement and will automatically terminate the agreement, unless prior arrangements for payment have been approved by CWWC.

FORM 4: Certifications

Instructions:

This form must, at a minimum, be signed by an authorized representative of the following governments: 1) the county; 2) the city serving as the county seat; 3) all cities having a 2010 population of over 9,000 residing within the county; and 4) no less than 50% of all other cities with a 2010 population of between 500 and 9,000 residing within the county. Cities with a 2010 population below 500 and local authorities providing services under the strategy are not required to sign this form, but are encouraged to do so.

COUNTY: MURRAY

We, the undersigned authorized representatives of the jurisdictions listed below, certify that:

1. We have executed agreements for implementation of our service delivery strategy and the attached forms provide an accurate depiction of our agreed upon strategy (O.C.G.A 36-70-21);
2. Our service delivery strategy promotes the delivery of local government services in the most efficient, effective, and responsive manner (O.C.G.A. 36-70-24 (1));
3. Our service delivery strategy provides that water or sewer fees charged to customers located outside the geographic boundaries of a service provider are reasonable and are not arbitrarily higher than the fees charged to customers located within the geographic boundaries of the service provider (O.C.G.A. 36-70-24 (20); and
4. Our service delivery strategy ensures that the cost of any services the county government provides (including those jointly funded by the county and one or more municipalities) primarily for the benefit of the unincorporated area of the county are borne by the unincorporated area residents, individuals, and property owners who receive such service (O.C.G.A. 36-70-24 (3)).
