

Georgia Department of Community Affairs - Annual Authority Registration and Financials (FY2023)

Introduction

Local Government Authorities in Georgia - including Development, Hospital, and Housing Authorities, among many others - are required to complete annual registration and financial reporting through the Georgia Department of Community Affairs.

The report completed on this interface fulfills that reporting requirement for **FY2023**.

Local government authorities are separate entities created for a specific public purpose. Local governments create authorities as a means of providing a wide range of services to their citizens and have used them in increasing numbers to deliver services. The 1992 Census of Governments notes that authorities are by far the most rapidly growing type of government. Realizing the ever-increasing role authorities play in service delivery at the local government level, the General Assembly passed the Local Government Authorities Registration Act O.C.G.A. 36-80-16 during the 1995 legislative session. This act requires local government authorities to register annually with the Department of Community Affairs (DCA) beginning January 1, 1996. The act also specifies that local government authorities may not incur any debt or credit obligations after January 1, 1996, unless they are registered.

Consolidated Reporting

Previous to FY2018, local authorities have had two annual reporting requirements to the Georgia Department of Community Affairs – 1) Authority Registration; and 2) the Report of Authority Finance, due on two different timelines. During the 2018 legislative session, HB257 passed in both chambers of the Georgia General Assembly and was signed into law by Governor Deal on May 3, 2018. This bill combines these two into a single report on one timeline.

Beginning with FY2018, these two separate reporting requirements are now a single filing - the Annual Authority Registration and Financials, or **AARF** - due within six months of the end of your authority's fiscal year.

All local authorities should complete the FY2023 Annual Authority Registration and Financial Reporting (AARF) within six months of the conclusion of the authority's fiscal year.

Registration for *new* or *previously un-registered* local authorities only can be accessed at <https://apps.dca.ga.gov/AuthoritiesRegistration/Index.aspx>

Uniform Chart of Accounts (UCOA)

Local Authority financial reporting is based on the Uniform Chart of Accounts for Local Governments. Authorities are not required to use UCOA for internal accounting purposes, but this will ease reporting for those managing finances with the UCOA or with finances administered by a local government using UCOA.

With these clearly defined accounts, much of the "guesswork" from the previous authority finance report will be removed.

For your convenience, you can access the UCOA below:

[UCOA Fourth Edition 4.3](#)

As always, if you have any questions or challenges as you complete the FY2023 AARF, please email Research@dca.ga.gov and a member of the research staff will respond to you as soon as possible.

Local Authority Registration

Part IA: Annual Registration

Please review the below registration information and choose "Changes are needed" if any of the below information is incorrect.

Authority Legal Name: **`#{e://Field/Full%20name}`**

Authority Type: **`#{e://Field/Authority%20Type}`**

Date Created: **`#{e://Field/Date%20Created}`**

Method of Creation: **`#{e://Field/Created%20by}`**

Official Citation: **#{e://Field/Official%20Citataion}**

Member Governments: **#{e://Field/Jurisdiction}**

- All registration information is correct
- Changes are needed

Please list the requested changes to the registration information listed above:

Is the **#{e://Field/RecipientLastName} a Political Subdivision?**

Most authorities in Georgia were created by general statute. Such general statutes affect all areas of the State and are incorporated into the Official Code of Georgia. For example, development authorities and downtown development authorities are activated by local governments pursuant to Chapters 62 and 42, respectively, of Title 36 of the Code. Another example: hospital authorities are activated pursuant to Chapter 7 of Title 31. Local authorities created pursuant to general statute typically are deemed public corporations and instrumentalities of the State, not political subdivisions of the State.

Many authorities, however, are activated pursuant to special statute authorizing the creation of a single authority. Often such special statutes deem authorities political subdivisions of the State, as opposed to an instrumentality of the State. The online Authorities Registration System requires local authorities to report whether they are or are not political subdivisions. The correct answer is dependent on the law that authorized the activation of the authority.

- Yes
- No
- Don't Know

Is the **#{e://Field/RecipientLastName} a Dependent or Independent Authority?**

Dependent authorities are owned and controlled by a single city or county government and are included in the audited financial statements as a component unit of that one city or county government (much like a subsidiary corporation of a parent company). By definition, "dependent" authorities are single-jurisdictional (one city or county member for registration purposes) and cannot have more than one "member jurisdiction."

Independent authorities maintain a high degree of independence in their day-to-day operations and policy decisions. They **are not included as components unit in any city or county audited financial statements.** Independent authorities with only one city or county member jurisdiction should register as single-jurisdictional authorities. Independent authorities with more than one city and/or county member jurisdiction should register as multi-jurisdictional authorities.

- Dependent Authority
- Independent Authority

Is the \${e://Field/RecipientLastName} a Single Jurisdiction or Multi-Jurisdictional Authority?

Authorities created by a single city or county government, to serve only that city or county, are **single jurisdictional** authorities. Authorities created by more than one local government (more than one city, a city and a county or any combination of cities and/or counties) to serve more than one local government jurisdiction, are **multi-jurisdictional**. Note that each local government jurisdiction served by a multi-jurisdictional authority should be a member government of the authority.

- Single Jurisdiction
- Multi-Jurisdictional

Local Authority Financial Reporting - Administrative Information

Part IIA: Authority Financial Administration

The following section focuses on Local Authority Financial Reporting.

You will see the reporting codes on the FY2023 AARF are reflective of the Uniform Chart of Accounts (UCOA) used by many local governments and authorities across the state of Georgia. *Authorities are not required to use UCOA for internal accounting purposes.* For your convenience, the UCOA guide and a DCA-generated conversion chart are provided on this page.

[UCOA Fourth Edition 4.3](#)

Who is preparing the financial component of the FY2023 AARF?

Authority Board Chair

Authority Executive Director/President/CEO

Authority Finance Director/CFO

Other

Contact Information for Authority Board Chair (for confirmation):

`#{q://QID18/ChoiceTextEntryValue/1} #{q://QID18/ChoiceTextEntryValue/3}`

`#{q://QID348/ChoiceTextEntryValue/2}`

`#{q://QID348/ChoiceTextEntryValue/3}, #{q://QID348/ChoiceTextEntryValue/5} #{q://QID348/`

`#{q://QID18/ChoiceTextEntryValue/9}`

`#{q://QID18/ChoiceTextEntryValue/10}`

Is the Board Chair contact information displayed above correct?

Yes

No

This contact information is auto-populated based on information provided earlier.

If the contact information for the Authority Board Chair is incorrect, please use the "Back" arrow at the bottom of this page to scroll to "Authority Registration" on Page 1 and update contact information.
