How to Participate in the Public Input Process

- **Submit written input**

- Submit input through the “Housing Credit Program Public Input Survey”
- Two types of written input:
 1. Influencing DCA direction (e.g., bringing new topics to our attention)
 2. Responding to DCA (e.g., submitting comments on a published draft)
- Timeline for each input type:
 - Influencing draft 1 priorities: **please submit comments by July 20th**
 - Responding to DCA? Submit on an ongoing basis
- With each draft, it is less likely for DCA to respond to new input that is not already on our radar, because we have fewer opportunities to take public comments on the associated changes.

How to Participate in the Public Input Process (cont'd)

- **Sign up for the “QAP Advisory List”**
 - Sign up by providing basic information on organization and Housing Credit Program engagement
 - DCA staff will utilize list to solicit input on targeted questions and organize ad hoc small group discussions
