Total Budget: \$37,943,000.00		

Disasters:

Declaration Number

FEMA-4338-GA

Narratives

Disaster Damage:

In 2017, it seemed that the State of Georgia could not catch a break from severe weather. Dual catastrophic weather events harassed southern Georgia with destructive rain, wind, and cyclonic activity. On January 2, 2017 (DR# 4294) severe storms, tornadoes, and straight-line winds struck Dougherty and the surrounding counties. Then, on January 21st and 22nd (DR# 4297), forty-one tornadoes touched-down across the State of Georgia as part of a weather event that spawned the third-most tornadoes over a three-day event in recorded US history. Twenty-seven tornadoes struck on January 21st alone, but the most dreadful effects were witnessed in Berrien, Brooks, Cook, Dougherty, and Thomas Counties on January 22nd. In these counties, fourteen people perished in the storms, and, less importantly, millions of dollars of property damage was reported during the immediate recovery efforts.

As if the tornadic weather were not enough, September brought another spate of severe weather to South Georgia. Hurricane Irma made landfall in Florida on September 10th. Over the next two days, Irma worked its way up the Florida coast and into Georgia (DR# 4338). Once stationed over southern Georgia, Irma caused levels of damage and devastation not seen in this part of the state since 1994. A storm surge of more than four feet inundated the coast, and widespread flooding and power outages became the norm, not exceptions. In addition, fallen trees and windswept debris the area caused further damages to homes, buildings, and other infrastructure. The widespread nature of the damage resulted in millions of dollars in cleanup costs alone.

Recovery Needs:

Based on the unmet needs analysis conducted for the following counties from disasters 4294, 4297 and 4338:

Berrien, Camden, Charlton, Chatham, Coffee, Cook, Crisp, Dougherty, Glynn, Liberty, McIntosh, Thomas, Turner, Wilcox, Worth DCA's analysis of the data confirmed that the MID areas were the following Zipcodes: 31520, 31548, and 31705. The conclusion of the unmet need analysis reveals that the 37,943,000 allocated for unmet need may not fully address the housing need therefore DCA will use the total allocation on housing and housing related activities until such time the needs have been addressed.

Most Impacted and Distressed Threshold (Projected)	\$24,283,520.00	\$13,479,346.00

Overall Progress Narrative:

This quarterly performance report describes CDBG-DR activities taking place in Q3 2019 (July 1, 2019 – September 30, 2019). The State of Georgia has allocated funds to three housing activities: a single-family rehabilitation and reconstruction program, a buyout program, and a multi-family affordable rental program. In addition, the State will be providing a Hazard Mitigation Grant Program (HMGP) match program.

Homeowner Rehabilitation and Reconstruction Program (HRRP) –

The HRRP is designed to assist homeowners of single-family properties that were affected by the storms occurring in Georgia on January 2, 2017, January 21-22, 2017 and Hurricane Irma on September 11, 2017. Homeowners may be eligible for rehabilitation, reconstruction of stick-built homes, replacement of manufactured homes, and/or elevation assistance. \$8,000,000 has been set-aside for the HRRP.

The HRRP will be subrecipient driven with two Georgia counties and two Georgia cities taking responsibility for delivering the activities directly to the affected homeowners.

In Q3 2019 the HRRP began project implementation with development of policies, procedures, an online application system, and initial training of subrecipients in the MID areas (Zip Codes 31520, 31548, and 31705). Start-up funds have been allocated and subrecipient agreements have been drafted. The project is anticipating beginning to accept applicants from these communities in early 2020.

Buyout Program –

The State of Georgia is offering a voluntary buyout program to eligible communities to assist homeowners who wish to relocate outside of a floodplain. The Buyout program will assist in the long-term resiliency strategy for the affected communities by eliminating vulnerable areas with a likely potential for future flooding events. \$6,854,400 has been set-aside for the Buyout program.

In Q3 2019 the State began the process of working with subrecipient communities to develop strategies for determining appropriate buyout areas. Upon determination of the buyout areas the program will become subrecipient driven with the local communities taking responsibility for administration of the program directly to the affected homeowners.

Multi-Family Affordable Rental –

The Multi-Family Affordable Rental program will create quality affordable rental housing units in three MIDs affected by the 2017 storm events. The program will rehabilitate existing rental housing and construct new rental housing to alleviate the rental stock shortage created by the storm events. \$12,129,339 has been allocated to the rehabilitation and construction of multi-family affordable rental housing.

In Q3 2019 the State has obligated approximately one-third (1/3) of our Unmet Needs allocation to Multi-Family Affordable Rentals. In addition, 100% of the multifamily developments count towards hitting our required 70% LMI National Objective and are located within the MID zip codes. These 4 developments, totaling 12.1 Million dollars, helped us reach over 50% of that goal. In addition, we increased our projection from 200 units to 342 units by leveraging the funds with our competitive 9% tax credits. Projects are expected to begin first quarter of 2020.

Initial projection: 12.5 Million / 200 Units- 62,500 per unit.

Final: 12.1 Million / 342 Units- 35,380 per unit.

Hazard Mitigation Grant Program (HMGP) Match –

The State of Georgia requested and received permission from HUD to set-aside 2017 funds to provide a match program for assisting local governments, through applications processed by the Georgia Emergency Management Agency (GEMA), with community-based recovery efforts. The HMGP match program will provide up to 15% match for local communities that are unable to fund the required amounts. \$3,000,000 has been set-aside for the HMGP Match Program.

In Q3 2019 the State has held collaborative meetings between essential personnel within the Georgia Department of Community Affairs (DCA) and GEMA. Appropriate projects are being identified and local communities will soon see the benefits of the match program available to them to complete stalled recovery projects.

Project Summary

Project #, Project Title	This Report	To Date	
	Program Funds Drawdown	Project Funds Budgeted	Program Funds Drawdown
01- DCA, 01- DCA	\$310,237.73	\$7,888,600.00	\$310,237.73

Activity Description:

As stated in the Federal Register Notice, grantees can use up to 5% of the total grant award for grant administration. This allocation will cover administrative costs to run the program and is designated for the local government subrecipients and DCA.

Location Description:

Eligible counties:

Berrien, Camden, Charlton, Chatham, Coffee, Cook, Crisp, Dougherty, Glynn, Liberty, McIntosh, Thomas, Turner, Wilcox, Worth

MID Zipcodes= 31520,31548,31705

Activity Progress Narrative:

This activity represents costs associated to the Georgia Department of Community Affairs (DCA) administration of the CDBG-DR award. It includes payroll costs for staff working on aspects of the CDBG-DR program including but not limited to general grant management, compliance, reporting, data analysis, budget, and development of the online system of record.

Activity Description:

The voluntary Buyout LM program will support hazard mitigation, floodplain management, and resiliency goals by purchasing properties in target areas prone to flooding events. The buyouts will help prevent repetitive loss and extreme risks to health and safety of owners. All buyouts will be based on the pre-storm Fair Market Value (FMV) and will take into consideration of any Duplication of Benefits (DOB) for structural repairs. All homes acquired in the buyout will be purchased from owners who are 0%-80% AMI. Per FR notices and HUD guidance all buyout areas will become permanent open space with limited redevelopment options for recreational or public use.
