December 19, 2014

Ms. Gretchen Corbin, Commissioner Georgia Department of Community Affairs 60 Executive Park Drive South, NE Atlanta, GA 30329

Dear Commissioner Corbin:

In accordance with the terms of the contract between your Department and this Commission, and in compliance with regulations of Act 1359, please find enclosed the following:

One copy of the Audited Financial Statements and Report of Independent Certified Public Accountants covering the period July 1, 2013 through June 30, 2014. The audit was conducted by Metcalf Davis.

Schedule of City/County Dues and Assessments for the period July 1, 2013 through June 30, 2014 is contained in the audit report in Section B, Page B-47; and

Signed statement attesting that this RC will refrain from engaging in political activities.

If you have any questions or need any additional information, please do not hesitate to contact me.

Sincerely,

Lanier E. Boatwright Executive Director

## Independent Auditors' Report

The Council Members
Three Rivers Regional Commission

## **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Three Rivers Regional Commission (the "Commission"), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements as listed in the table of contents.

## Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit includes performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, the aggregate remaining fund information of Three Rivers Regional Commission as of June 30, 2014, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

### **Other Matters**

## Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages B-4 through B-10 and B-33 through B-34, respectively, be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Government Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Commission's basic financial statements. The combining nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying financial information listed under the heading "state compliance section" in the accompanying table of contents, as well as the accompanying schedule of expenditures of federal awards as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-profit Organizations*, are presented for purposes of additional analysis, and are also not a required part of the basic financial statements.

The combining nonmajor fund financial statements, state compliance section and the schedule of expenditures of federal awards are the responsibility of management and were derived directly from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, state compliance section and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

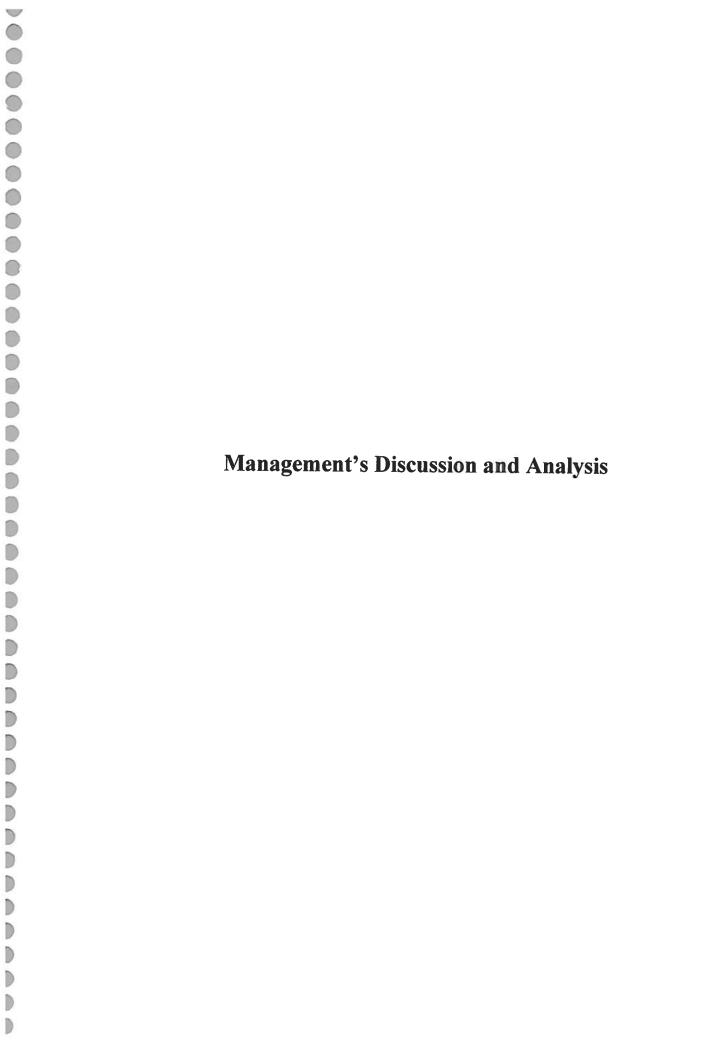

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued a report dated December 11, 2014, on our consideration of the Commission's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements and other matters. The purpose of the report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Atlanta, Georgia December 11, 2014

Metcalf Davis

#### Management's Discussion and Analysis

As mandated by House Bill 1216, Three Rivers Regional Commission (the "Commission") was formed from the merger of Chattahoochee Flint and McIntosh Trail Regional Development Centers. The Commission brings together the experience and knowledge of both former organizations to enable us to better serve the needs of those within our 10 county region. As management of the Commission, we offer readers of the Commission's financial statements this narrative overview and analysis of the financial activities of the Commission's year of operation, fiscal year ended June 30, 2014. This law further changed the make-up of our governing entity from a Board of Directors to a Council. The Council's member governments are Butts, Carroll, Coweta, Heard, Lamar, Meriwether, Pike, Spalding, Troup and Upson Counties.

## **Financial Highlights**

The assets of the Commission exceeded its liabilities at the close of the most recent fiscal year by \$2,176,850 (net position). Of this amount \$1,760,389 (unrestricted net position) may be used to meet the Commission's ongoing obligations to the member local governments, vendors and creditors.

The Commission's total net position were increased by \$214,746 during this fiscal year. As of June 30, 2014, total net position consisted of \$416,461 net investment in capital assets and \$1,760,389 unrestricted.

General Fund revenues for the year were \$496,353. Of this amount, \$222,000 was transferred to other funds to cover matching requirements and unfunded expenses. The General Fund's balance increased by \$186,853.

The Special Revenue Fund's fund balance was increased by \$27,893.

At the end of the fiscal year, unassigned fund balance for the general fund was \$1,033,038 or nine percent of total governmental fund expenditures. The Commission has \$63,593 restricted for debt service (buildings) residing in the Internal Service Fund.

## **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the Commission's basic financial statements. The Commission's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements - The government-wide financial statements are designed to provide readers with a broad overview of the Commission's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the Commission's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Commission is improving or deteriorating.

The statement of activities presents information showing how the Commission's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Therefore, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g. earned but unused vacation leave).

The Commission has no business-types activities; therefore both of the government-wide financial statements reflect only governmental activities that are generally financed through dues, intergovernmental revenues, grants and other non-exchange transactions. The governmental activities of the Commission include general government; all grant funded activities, and one Internal Service Fund. The Internal Service Fund is used to account for pooled costs, which are allocated to various grants and contracts as determined by the Commission's cost allocation plan. The government-wide financial statements can be found on pages B-11 and B-12 of this report.

The Commission has no component units.

Fund Financial Statements - A fund is a grouping of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The Commission, like other similar governmental entities, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The funds of the Commission are primarily governmental funds with one proprietary fund, which is the Internal Service Fund. The emphasis of fund financial statements is on major funds: General Fund and Georgia Department of Human Services ("DHS") Transportation Program Fund (the "Transportation Program Fund"). All remaining funds are aggregated and reported as nonmajor funds.

**Governmental Funds** - Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements.

The Commission had approximately 75 governmental funds for fiscal year 2014. Two of these funds are considered major: General Fund and Transportation Program Fund. All other funds are combined and reported as nonmajor funds in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balance.

The Commission adopts an annual budget for its funds. Budgetary comparison statements have been provided within the Commission's financial statements to demonstrate compliance with this budget. The Commission's budgetary comparison statements can be found on pages B-33 and B-34 of this report.

**Proprietary Funds** - The Commission has one proprietary fund. The Commission's Internal Service Fund is an accounting device used to accumulate and allocate costs to grants and contracts in accordance with the Commission's cost allocation plan. Because these costs are allocated to and benefit governmental functions, they are included within governmental activities in the government-wide financial statements.

**Notes to the Financial Statements** - The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found after the fund financial statements of this report.

Other Information - In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Commission. This information is supplied to meet certain state requirements and to provide individual grantors information pertaining to their grant/contract.

## Government-wide Financial Analysis

Net position may over time serve as a useful indicator of a government's financial position. Comparative information is provided for two years. As of June 30, 2014, the Commission's assets exceeded liabilities by \$2,176,850. Approximately 19 percent, or \$416,461, of the Commission's net position reflects its investment in capital assets net of accumulated depreciation and related debt. The Commission uses these capital assets to operate and to provide services; consequently, these assets are not available for future spending.

There is an outstanding debt of \$90,000 remaining on the capital lease of the Griffin location building, which when paid off, the building may be purchased for one dollar. Additionally, there is an outstanding debt of \$272,226 for the addition to the Franklin office location, which when paid off, may be purchased for 10 dollars. For more information, you may refer to Note 10 Long-Term Liabilities, A Capital Leases.

The following table reflects the condensed statement of net position for the years ended June 30, 2014 and 2013:

|   | June 30, 2014           | June 30, 2013           |  |
|---|-------------------------|-------------------------|--|
| Current and other assets Capital assets, net                              | \$ 3,351,746<br>778,687 | \$ 3,078,758<br>831,809 |  |
| Total Assets  | 4,130,433               | 3,910,567               |  |
| Current Liabilities Noncurrent Liabilities                                | 1,654,950<br>298,633    | 1,589,190<br>359,273    |  |
| Total Liabilities   | 1,953,583               | 1,948,463               |  |
| Net Position: Invested in capital assets net of related debt Unrestricted | 416,461<br>1,760,389    | 410,894<br>1,551,210    |  |
| Total Net Position  | \$ 2,176,850            | \$ 1,962,104            |  |

The balance of unrestricted net position of \$1,760,389 may be used to meet the Commission's ongoing obligations.

At the end of the current fiscal year, the Commission is able to report a positive balance in all categories of net position.

Governmental Activities - The Commission has no business type activities; therefore, the Commission's increase in net position of \$214,746 is completely from governmental activities.

The following table illustrates the key elements of this increase for the years ended June 30, 2014 and 2013:

|                                  | June 30, 2014 | June 30, 2013       |
|----------------------------------|---------------|---------------------|
| Des cross rottonios              |               |                     |
| Program revenues                 | \$ 11,295,829 | \$ 8,723,509        |
| Operating grants                 | Ψ 11,273,027  | <b>\$</b> 0,720,000 |
| General revenues                 | 493,769       | 486,434             |
| Regional appropriations          | 2,227         | 3,473               |
| Interest income                  | 357           | 1,005               |
| Miscellaneous income             | 337           | 1,003               |
| Total revenues                   | 11,792,182    | 9,214,421           |
| Program expenses                 |               |                     |
| General government               | 87,500        | 125,829             |
| Transportation programs          | 2,878,377     | 2,797,427           |
| Aging programs                   | 5,576,535     | 5,626,765           |
| Workforce programs               | 2,532,815     | -                   |
| Economic development             | 278,074       | 235,341             |
| Planning development             | 193,085       | 245,313             |
| Community service                | 26,580        | 31,505              |
| Historic preservation            | 4,470         | 5,123               |
| Environmental planning           |               | 79,051              |
| Total expenses                   | 11,577,436    | 9,146,354           |
| Change in net position           | 214,746       | 68,067              |
| Net position - Beginning of year | 1,962,104     | 1,894,037           |
| Net position - End of year       | \$ 2,176,850  | \$ 1,962,104        |

The Commission operates primarily from grant revenues; therefore, expenses closely parallel grant funding for services.

## Financial Analysis of the Government's Funds

As noted earlier, the Commission uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

Governmental Funds - The focus of the Commission's governmental funds is to provide information on near term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Commission's financing requirements. In particular, fund balance may serve as a useful measure of the Commission's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the Commission's governmental funds reported an ending fund balance of \$1,566,109, an increase \$214,746 for the current year.

The Commission experienced an increase in its General Fund's fund balance of \$186,853. This increase is attributable to more expenditures being charged to specific special revenue grants.

During the current fiscal year, the Commission also experienced an increase in the Special Revenue Fund's fund balance of \$27,893. When added to the previous year's fund balance, total fund balance in the Special Revenue Fund for the year ending June 30, 2014 was \$469,478. This amount is attributable to the Commission's transportation programs. The total balance of \$469,478 is assigned for the transportation programs that remain within the fund, but may be used at the Commission's discretion.

**Proprietary Funds** - As stated previously, the Commission only maintains one proprietary fund, the Internal Service Fund. The Internal Service Fund is used to accumulate and allocate costs that benefit two or more programs. The expenses are allocated to the special revenue fund's programs (minus income received from office rent) based on an indirect cost allocation plan approved by our cognizant agency, U. S. Department of Commerce. Indirect costs are allocated on the basis of direct salaries plus fringe benefits.

The Internal Service Fund had \$610,741 in net position at June 30, 2014.

#### **Budgetary Highlights**

The Commission is mandated by state law to adopt its next year's budget before the end of the current year. Due to contracts and grants not being finalized or due to amendments during the year, the Commission's Council adopts the original budget using known and best available information. During the fiscal year the Council adopts revisions to incorporate new grants entered into during the year, and delete contracts/grants that never materialized.

The General Fund received \$166 less in revenue than was budgeted. The General Fund expenditures were under budget by \$4,643 but this was offset by transfers going over budget by \$2,273 due mainly to an increase in match amount to grants.

A review of the Transportation Program Fund shows a difference between budgeted and actual expenditures. Expenditures were under by \$494,888. Although the revenue for this program was under budget by \$474,974, an increase in fund balance of \$21,848 was still recognized.

#### **Capital Asset Administration**

Capital Assets - The Commission's investment in capital assets for its governmental type activities as of June 30, 2014, amounts to \$778,687 (net of accumulated depreciation). This investment in capital assets includes equipment and buildings.

Capital assets of the Commission as of June 30, 2014 and 2013:

|                               | June 30, 2014 |            |            |              |  |  |  |
|-------------------------------|---------------|------------|------------|--------------|--|--|--|
|                               | Building-     | Building - |            |              |  |  |  |
|                               | Griffin       | Franklin   | Equipment  | Total        |  |  |  |
| Capital assets                | \$ 600,000    | \$ 781,029 | \$ 186,530 | \$ 1,567,559 |  |  |  |
| Less accumulated depreciation | (255,000)     | (375,268)  | (158,604)  | (788,872)    |  |  |  |
| Net capital assets            | \$ 345,000    | \$ 405,761 | \$ 27,926  | \$ 778,687   |  |  |  |
|                               |               | June 30    | 0, 2013    |              |  |  |  |
|                               | Building-     | Building - |            |              |  |  |  |
|                               | Griffin       | Franklin   | Equipment  | Total        |  |  |  |
| Capital assets                | \$ 600,000    | \$ 781,029 | \$ 178,371 | \$ 1,559,400 |  |  |  |
| Less accumulated depreciation | (240,000)     | (341,869)  | (145,722)  | (727,591)    |  |  |  |
| Net capital assets            | \$ 360,000    | \$ 439,160 | \$ 32,649  | \$ 831,809   |  |  |  |

For more information, you may refer to Note 8, Changes in Capital Assets.

#### Long-Term Liabilities and Compensated Absences

At the end of the current fiscal year, the Commission had a total long-term liabilities and compensated absences outstanding of \$485,873. The majority of this amount, \$272,226, is owed to the Heard County Development Authority (using Regions Bank) for renovations and a building addition at the Franklin office. This is a 12 year loan agreement with a six percent interest rate. When the final loan payment is made, the building may be purchased for ten dollars.

The City of Griffin is owed \$90,000 for the lease/purchase of the Griffin Office with four years remaining under the original agreement. Under the terms of the agreement with the City of Griffin, when the final lease payment is made, the building may be purchased for one dollar. Under the terms of the agreement, if the Commission for some reason needed or wanted to break the lease; the Commission is obligated for payments of rent for one calendar year from the date written notice of intent to surrender the premises.

The remaining \$123,647 is owed to pay employees accrued annual leave. During the year the capital leases decreased by \$58,689 and compensated absences increased by \$23,738 due mainly to the addition of workforce program staff.

The Commission has no authority to issue bonds or collect taxes; therefore, payments of debts are made from the revenues generated by the dues, grants, and fund balances.

|                                     | June 30, 2014 |                    | June 30, 201 |                   |
|-------------------------------------|---------------|--------------------|--------------|-------------------|
| Capital Leases Compensated Absences | \$            | 362,226<br>123,647 | \$           | 420,915<br>99,909 |
| Total                               | \$            | 485,873            | <u>\$</u>    | 520,824           |

Compensated Absences accounted for 25 percent of the total long-term liabilities and capital leases made up 75 percent. For more information, you may refer to Note 10, Long-Term Liabilities, C Changes in Long-term Liabilities and Compensated Absences.

## **Economic Factors and Next Year's Budget**

Mandatory funding by the 10 member counties and their municipalities and prior approval by the Georgia General Assembly before a county may withdraw from the Commission helps to support and maintain the Commission's funding.

The Commission's dues for its member governments are one dollar per capita based on the most current Census estimates. There are no plans to increase this amount in the near future unless unforeseen circumstances regarding grants/contracts appear. The Council has the sole authority to increase this amount if such circumstances warrant it.

The Commission is constantly changing. Programmatic and financial requirements for state and federal programs are being updated or replaced; therefore, the Commission staff has to stay informed and meet the challenge to always be in compliance. As more of the aging programs focus on helping the elderly stay in their homes, and the workforce grants focus on helping people to train and/or find new jobs, staff must work together within the appropriate guidelines to help our member governments meet the need of the population they serve. Planning staff must remain up-to-date on regulations or requirements of our local governments to help them plan for the present and future generations for housing, zoning, infrastructure and transportation needs.

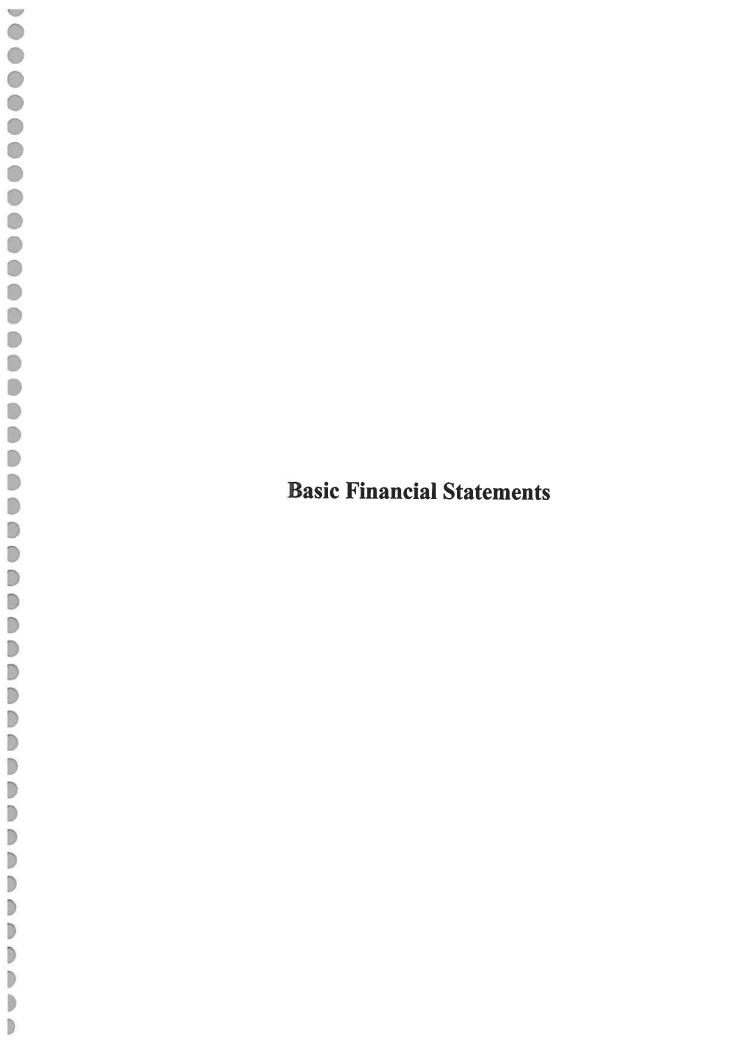

Accounting staff must continue to work within the budget limits of grants and contracts to ensure that local government needs for services are met. A new accounting software is expected to go live early in fiscal year 2015. This was delayed due to unforeseen circumstances.

Other than having a full year of Workforce Investment Act grants (only had nine months in fiscal year 2014), the Commission does not see any significant funding changes for fiscal year 2015.

## **Requests for Information**

This financial report is designed to provide a general overview of the Commission's finances for all those with an interest in the Commission's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Executive Director, Three Rivers Regional Commission, 120 North Hill Street, P. O. Box 818, Griffin, GA 30224.

#### NOTES TO FINANCIAL STATEMENTS

June 30, 2014

### **NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Three Rivers Regional Commission (the "Commission") was formed on July 1, 2009 from the merger of McIntosh Trail Regional Development Center and Chattahoochee-Flint Regional Development Center as provided in House Bill 1216. The Commission is one of 12 Regional Commissions ("RCs") in Georgia. The responsibilities and authority of the Commission are contained in Sections 50-8-30 through 50-8-67 of the Official Code of Georgia Annotated ("OCGA").

Under Georgia law, cities and counties located in the 10 county west central Georgia region are members of the Commission. Membership in an RC is required by OCGA Section 50-8-34 which provides for the organizational structure of RC's in Georgia. The RC Council membership includes an elected official of each county and municipality of the area and private sector individuals. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of an RC beyond its resources.

The Commission's offices located in Griffin, Georgia serves the west central Georgia region comprised of Butts, Carroll, Coweta, Heard, Lamar, Meriwether, Pike, Spalding, Troup and Upson counties. Municipalities located within the 10 county region, which are members, include Flovilla, Villa Rica, Newnan, Ephesus, Barnesville, Woodbury, Zebulon, Griffin, Hogansville and Thomaston.

The Commission's primary mission is to offer community and economic development planning, mapping assistance, and requested services to local county and municipal governments. The Commission also acts as an interface between local, regional and state agencies for planning and public information initiatives like the U.S. Census. The Commission administers the spending of various federal, state and local grants in the 10 county region comprising its membership.

The accounting policies and financial reporting practices of the Commission conform in all material respects to accounting principles generally accepted in the United States of America ("GAAP") as applicable to governmental units issued by the Government Accounting Standards Board ("GASB").

#### A. Reporting Entity

Governmental accounting standards require the financial statements of the Commission to include its primary government and any component units. A component unit is a legally separate organization for which the elected officials of the primary government are financially accountable. In addition, a component unit can be another organization for which the nature and significance of its relationship with a primary government is such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The Commission is not a component unit of any other primary government. Additionally, no component units have been identified, which should be included in the reporting entity.

## NOTES TO FINANCIAL STATEMENTS

June 30, 2014

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

#### B. Government-Wide and Fund Financial Statements

The government-wide financial statements (statement of net position and statement of activities) report information on all nonfiduciary activities of the primary government. Governmental activities, which normally are supported by regional appropriations and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The Commission has no business-type activities. The Commission had no significant transactions that resulted in deferred inflows or outflows.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segments and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and the Internal Service Fund. Major individual governmental funds are reported as separate columns in the fund financial statements.

## C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Government-wide financial statements The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as is the internal fund financial statement. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted first, then unrestricted resources as they are needed.

#### NOTES TO FINANCIAL STATEMENTS

June 30, 2014

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

<u>Fund financial statements</u> Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Commission considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when the obligations are expected to be liquidated with expendable available financial resources out of the general fund.

Interest associated with the current fiscal period is considered susceptible to accrual and so has been recognized as revenue of the current fiscal period. All other revenues are considered to be measurable and available only when cash is received by the government.

The Internal Service Fund consists of only operating items. Operating revenues and expenses generally result from providing services in connection with the Internal Service Fund's principal ongoing operations. The principal operating revenues of the Commission's Internal Service Fund are charges for the allocation of indirect costs. Operating expenses for Internal Service Funds include personnel and administrative expenses. All revenues and expenses not meeting this definition would be reported as nonoperating.

The fund financial statements provide more detailed information about the government's most significant funds, not the government as a whole. The activities of the government are organized on the basis of funds and accounts, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues, and expenditures, or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

The government reports the following major governmental funds:

General Fund – The general fund is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Transportation Program Fund – A special revenue fund was established to account for federal and state grants used to support the Commission's transportation programs.

#### NOTES TO FINANCIAL STATEMENTS

June 30, 2014

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Additionally, the government reports the following fund type:

Internal Service Fund – The Internal Service Fund is used to account for the financing of goods and services provided by one organizational unit to other organizational units of the Commission on a cost reimbursement basis. The expenses are allocated to the various programs based on an indirect cost allocation plan. The plan allocates these costs on the basis of direct salaries plus fringe benefits.

#### D. Deposits and Investments

The Commission's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

The Commission pools its unrestricted cash resources from several funds to facilitate disbursement and investment and to maximize investment income.

When interest earned as a result of pooling cash and cash equivalents is material, it is distributed to the appropriate funds utilizing a formula based on the average monthly balance of cash and investments of each fund.

#### E. Inventories

Materials (supplies) purchased are shown as expenditures/expenses when acquired and are not inventoried at year end due to a lack of materiality.

## F. Receivables

Receivables and due from other governments represent funds to be received from other local governments, state grant-in-aid, state contracts, or federal funds. No allowance is deemed necessary for these receivables.

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" or "advances to/from other funds." All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

## G. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

#### NOTES TO FINANCIAL STATEMENTS

June 30, 2014

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

### H. Capital Assets and Long-Term Liabilities

Capital assets include property and equipment. Such assets, which are accounted for in the Internal Service Fund, are used in the provision of services to other funds of the Commission. The government defines capital assets as assets with an initial, individual cost of more than \$1,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. No public domain or infrastructure assets (e.g. roads, bridges, sidewalks and similar items) are owned by the Commission.

Ò

1

1

1

1

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets is included as part of the capitalized value of the assets constructed. There was no interest incurred by the Commission during the current fiscal year. No interest expense was applicable to construction of capital assets.

Depreciation is computed using the straight-line method over the estimated useful life of each type of asset. The depreciation is recognized in the indirect cost allocation plan as an allowable cost. The cost of depreciation is recovered as a reimbursable cost from grants, contracts, and local projects in the Commission's Internal Service Fund. Capital assets are reported in the Commission's basic financial statements net of accumulated depreciation.

Property and equipment of the primary government is depreciated using the straight-line method over the following estimated useful lives:

Building 40 years Equipment 3 – 15 years

Land is not subject to depreciation.

### I. In-kind Services and Costs

In-kind services and costs are accounted for as revenues and expenditures and are valued in accordance with Federal Management Circular A-102. In-kind services for the Commission consist entirely of services contributed by the Commission's subcontractors for transportation, aging-directed services provided to participants and advertising.

#### NOTES TO FINANCIAL STATEMENTS

June 30, 2014

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

# J. Budgets

An annual operating budget is prepared for the General and Special Revenue Funds. Legal provisions govern the budgetary process. The Commission follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1. The Executive Director submits to the Council Members a proposed operating budget for the fiscal year commencing July 1. The operating budget includes proposed expenditures and the means of financing them. The budget is formally adopted on an agency-wide, functional expense level, which is the legal level of the Commission's budgetary controls.
- 2. The budget so adopted may be revised during the year only by formal action of the Council in a regular meeting. The Commission's Finance Director does not have authority to revise the budget without Council approval. The Council will make any changes necessary to adopt the budget.
- 3. Budgets for the funds are adopted on a basis consistent with GAAP.
- 4. Budgeted amounts, as presented in the accompanying financial statements, are as originally adopted or as amended by the Council. Unobligated appropriations in the annual operating budget lapsed at fiscal year end.
- 5. There are no differences between Budgetary basis and GAAP basis expenditures; therefore, no reconciliation is necessary.
- 6. Internal Service Fund budgets are prepared and utilized as a management tool to assess the operations of the Internal Service Fund.

## K. Employee Benefits and Compensated Absences

The Commission charges employee benefits and compensated absences in accordance with its cost allocation plan, as an allowable reimbursable cost. The compensated absences and employee benefits are recorded in the Internal Service Fund, and are pooled and allocated to the governmental funds based upon a predetermined provisional rate approved by its designated cognizant agency. Recoveries of these costs are transferred to the Internal Service Fund and recognized as an other financing source. The Commission's provisional rate for the year ended June 30, 2014 was 53.35 percent.

Total compensated absences and employee benefits incurred by the Commission for the year ended June 30, 2014 totaled \$970,576.

Using total chargeable salaries of \$2,131,724 as the allocation base, the actual employee benefit rate for the year ended June 30, 2014 was 54.70 percent. At the end of each month, adjustments were made to allocate the difference between provisional and actual employee benefits to the Special Revenue Fund.

#### NOTES TO FINANCIAL STATEMENTS

June 30, 2014

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

The Commission provides compensated absences and employee benefits as follows:

Vacation Leave - Each employee with fewer than three years of service shall earn annual leave at a rate of 10 days per year. Employees earn an additional day per year for each additional year of service up to 15 years of service. Employees may earn a maximum of 25 working days of annual leave per year after 15 years. At the end of each fiscal year, employees may accrue a maximum of and maintain 30 days. Accumulated leave at June 30, 2014, for which employees could be reimbursed, amounted to \$123,647. Vested or accumulated vacation leave that is expected to be liquidated with available financial resources is reported as an expenditure and a fund liability of the Governmental Fund.

Sick Leave - Employees are awarded 15 days per year of sick leave and may accumulate up to 60 days. The cost of sick leave is recognized as the employee takes it. It is not expected that any unrecorded sick leave benefits will exceed a normal year's accumulation. Employees are not reimbursed for sick leave upon separation.

Holidays - Employees are awarded 10 days per year as holidays. The cost of holiday leave is recorded when it is taken by the employee.

Insurance - The Commission maintains a contributory group health insurance plan as well as workers compensation coverage for all employees.

Defined Contribution Plan - The Commission maintains a defined contribution retirement plan (the "Plan") administered by a Trustee (a member of the Commission's management) that is appointed by the Commission's Council Members. All full-time employees are eligible to join the Plan upon completion of six months continuous service.

Payroll Taxes - The Commission's employees are covered under the federal social security system. Payroll tax payments are made to the Internal Revenue Service ("IRS") in accordance with IRS regulations.

### L. Indirect Cost Rates

Commission-wide central support costs are recorded in the Internal Service Fund as indirect costs in the Commission's accounting system and recovered. Costs are defined by U.S. Office of Management and Budget OMB Circular A-87, Attachment A, as costs "(a) incurred for a common or joint purpose benefiting more than one cost objective, and (b) not readily assignable to the cost objectives specifically benefited, without effort disproportionate to the results achieved." Pursuant to OMB Circular A-87, the U.S. Department of Commerce is designated as the cognizant agency for the federal government with responsibility for negotiation, approval and audit of the Commission's central support services cost allocation plan.

#### NOTES TO FINANCIAL STATEMENTS

June 30, 2014

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

The indirect cost rate is computed as a ratio of indirect costs (including indirect salaries and fringe benefits related to those indirect salaries) to total direct salaries and fringe benefits related to those direct salaries. The percentage determined is then applied to the direct salaries and fringe benefits within the General Fund and each Special Revenue Fund to determine indirect cost recovery for each fund.

During the year, a provisional indirect cost rate is used which is negotiated with the Commission's federal cognizant agency based upon a cost allocation plan. At the end of each month, adjustments were made to allocate the difference between the provisional and actual employee benefits to the General Fund and Special Revenue Funds.

The actual indirect cost allocation rate for the fiscal year ended June 30, 2014 was 45.47 percent.

#### M. Long-Term Obligations

The Commission has acquired property under a capital lease agreement. The capital lease agreement is recorded in the applicable column of the government-wide and Internal Service Fund financial statements. The debt service requirements for long-term obligations are appropriated annually.

# N. Fund Balance and Net Position

Net position in government-wide and Internal Service Fund financial statements are classified as net investment in capital assets, restricted and unrestricted. Restricted net position represent constraints on resources that are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through state statute.

In accordance with this professional standard, the Commission presents governmental fund balances in the financial statements based on classifications that comprise a hierarchy that is based primarily on the extent to which the Commission is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in governmental fund financial statements are as follows:

- Nonspendable This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact. The Commission has not designated any amounts to be nonspendable as of June 30, 2014.
- Restricted This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.

The Commission has classified amounts for the debt service as being restricted. Debt service resources are restricted by federal statute to be used for lease maturities in the 2014-2015 year.

### NOTES TO FINANCIAL STATEMENTS

June 30, 2014

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Each member pays an annual contribution established by the Board of GIRMA. For the fiscal year ended June 30, 2014, the Commission's total contribution was \$10,958. GIRMA may develop and issue such self-insurance coverage descriptions, as it deems necessary. The current coverage provides a \$1,000,000 general liability limit with a \$1,000 per occurrence deductible.

# **NOTE 2 – BUDGETS AND BUDGETARY ACCOUNTING**

### A. Budget Process

The Executive Director submits annual budgets to the Council for the General and Special Revenue Fund. Legal provisions govern the budgetary process. These budgets are formally adopted on an individual grant-funded program level, which is the legal level of budgetary control. The Council amends the budget once annually. The Council Members approve budget amendments if total expenditures exceed budgeted expenditures at the individual grant funded program level.

All expenditures in excess of budgeted amounts are the responsibility of the Commission through local funds. Unobligated appropriations in the annual operating budget lapse at fiscal year-end.

#### B. Budget to GAAP Reconciliation

All budgets are adopted on a basis consistent with GAAP. No reconciliation of budget basis to GAAP basis is necessary.

#### C. Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is not employed by the Commission.

#### D. Excess of Expenditures Over Appropriations in Individual Funds

For the fiscal year ended June 30, 2014, none of the major Special Revenue Funds had actual expenditures in excess of budgeted expenditures.

#### **NOTE 3 – DEPOSITS**

Custodial Credit Risk - Demand Deposits and Certificates of Deposits

The custodial credit risk of deposits is the risk that in the event of the failure of a bank, the government will not be able to recover deposits. The Commission's bank balances of deposits as of June 30, 2014 are entirely insured or collateralized with securities held by the Commission's agent in the Commission's name. The Georgia Code requires banks holding public funds to secure these funds by the Federal Deposit Insurance Corporation ("FDIC") insurance, securities pledged at par value, and surety bonds at face value in combined aggregate totaling not less than 110 percent of the public funds held. At June 30, 2014, the Commission had approximately \$1,500,000 in deposits with local banks. Of the bank balances, \$500,000 was insured by the FDIC and the remaining \$1,000,000 was collateralized.

#### NOTES TO FINANCIAL STATEMENTS

June 30, 2014

#### **NOTE 4 – DUE FROM OTHER GOVERNMENTS**

Revenues from grant contracts are recognized when the qualifying expenditures have been incurred and all other grant requirements have been met. Amounts shown on the balance sheet represent the unpaid portion of amounts that have been requested but not yet received.

1

1

The detail of accounts receivable for contracts are due to the following funds at June 30, 2014 as follows:

| General Fund                | \$         | 14 |
|-----------------------------|------------|----|
| Transportation Program Fund | 184,0      | 05 |
| Nonmajor Governmental Funds | 1,658,9    | 99 |
| Due from other governments  | \$ 1,843,0 | 18 |

#### **NOTE 5 - CONTINGENCIES**

Uses of federal and state grant funds is subject to review and audit by grantor agencies. Such audits could lead to requests for reimbursement to the grantor agency for expenditures disallowed under the terms of the grant. Based upon prior experience and audit results, management believes that the Commission will not incur significant losses on possible grant disallowances.

### **NOTE 6 – FRINGE BENEFIT COSTS**

Fringe benefit costs are recorded in the Internal Service Fund and recovered in part from the Special Revenue Fund based upon a fringe benefits allocation rate as determined by a ratio of fringe benefits to total salary costs.

#### NOTE 7 – INTER-FUND RECEIVABLES AND PAYABLES

Generally, outstanding balances between funds reported as due to/from other funds include outstanding charges by one fund to another for services or goods, subsidy commitments outstanding, and other miscellaneous receivables and payables between funds.

The composition of inter-fund balances as of June 30, 2014 is as follows:

| Receivable Fund             | Payable Fund               | <del></del> |           |
|-----------------------------|----------------------------|-------------|-----------|
| General Fund                | Nonmajor Governmental Fund | \$          | 573,523   |
|                             | Internal Service Fund      |             | 58,035    |
| Transportation Program Fund | Nonmajor Governmental Fund |             | 277,516   |
| Internal Service Fund       | Nonmajor Governmental Fund |             | 577,618   |
|                             |                            | \$          | 1,486,692 |

# NOTES TO FINANCIAL STATEMENTS

June 30, 2014

# NOTE 7 - INTER-FUND RECEIVABLES AND PAYABLES - Continued

Transfers and payments within the reporting entity are substantially for the purposes of subsidizing operating functions, funding capital projects and asset acquisitions, or maintaining debt service. Resources are accumulated in a fund to support and simplify the administration of various projects or programs. The government-wide statement of activities eliminates transfers as reported within the segregated fund statements.

A reconciliation of transfers for the year ended June 30, 2014 is as follows:

|               | Transfer In: |
|---------------|--------------|
|               | Nonmajor     |
|               | Governmental |
|               | Fund         |
| Transfer out: |              |
| General Fund  | \$ 222,000   |

#### **NOTE 8 – CHANGES IN CAPITAL ASSETS**

Capital asset activity for the government for the fiscal year ended June 30, 2014 was as follows:

|   | Beginning<br>Balance | Additions   | Additions Deletions |              |
|---|----------------------|-------------|---------------------|--------------|
| Governmental activities:                    |                      |             |                     |              |
| Capital assets, being depreciated:          |                      |             |                     |              |
| Building                                    | \$ 1,381,029         | \$ -        | \$ -                | \$ 1,381,029 |
| Equipment                                   | 178,371              | 8,159       |                     | 186,530      |
| Total capital assets being depreciated      | 1,559,400            | 8,159       | -                   | 1,567,559    |
| Less accumulated depreciation for:          |                      |             |                     |              |
| Building                                    | (581,869)            | (48,399)    | -                   | (630,268)    |
| Equipment                                   | (145,722)            | (12,882)    |                     | (158,604)    |
| Total accumulated depreciation              | (727,591)            | (61,281)    | _                   | (788,872)    |
| Governmental activities capital assets, net | \$ 831,809           | \$ (53,122) | <u> </u>            | \$ 778,687   |

Depreciation expense of \$20,564 is charged to the Aging program as the related building is used exclusively for aging services. The remaining \$40,717 of depreciation expense is allocated to every function as part of the Commission's indirect cost pool.

#### NOTES TO FINANCIAL STATEMENTS

June 30, 2014

#### **NOTE 9 – RETIREMENT PLAN**

The Commission maintains a defined contribution retirement plan (the "Plan") administered by a Trustee (a member of the Commission's management) that is appointed by the Commission's Council Members. All full-time employees are eligible to join the Plan upon completion of six months continuous service.

The Plan was formed under the authority of the Commission's Council Members, and the Council has the authority to amend and/or terminate the Plan at any time. Employer contributions to the Plan are based on six percent of the employee's annual salary as of June 30 of the current year. Employee contributions are not allowed. Normal retirement age is considered to be 65 years of age.

The Trustee maintains contributions to the Plan in individual accounts for each eligible and participating employee. For the year ended June 30, 2014, the Commission contributed \$82,554 to the Plan. Total covered payroll for the year ended June 30, 2014, was \$2,201,397 with a total organization payroll of \$2,131,724. The vesting schedule is as follows:

| One year          | 10%  |
|-------------------|------|
| Two years         | 20%  |
| Three years       | 40%  |
| Four years        | 60%  |
| Five years        | 80%  |
| Six or more years | 100% |

# NOTE 10 - LONG-TERM LIABILITIES AND COMPENSATED ABSENCES

### A. Capital Leases

In July 1996, the Commission (formerly McIntosh Trail) and the City of Griffin entered into a 20-year capital lease for office space located at 120 North Hill Street, Griffin, Georgia. An amendment modified the terms of the 120 North Hill Street lease to be: 20 year term beginning July 1, 1997, with payments of \$7,500 due quarterly. The Commission may purchase the building for the sum of one dollar upon completion of the lease. The asset value under this capital lease (net of accumulated depreciation of \$255,000) at June 30, 2014 was \$345,000. Current year amortization of capital lease assets, included in depreciation expense, was \$15,000. This lease is not subject to imputed interest.

On July 30, 2008, the Commission (formerly Chattahoochee-Flint) and the Development Authority of Heard County entered into a capital lease for office space located at 13273 Georgia Highway 34 E, Franklin, Georgia. The lease calls for 144 monthly payments of \$4,059. At the end of the lease, the Commission may purchase the building for \$10. The asset value under this capital lease (net of accumulated depreciation of \$375,268) at June 30, 2014 was \$405,760. Current year amortization of capital lease assets, included in depreciation expense, was \$33,399. This lease carries an interest rate of six percent. Related interest expense for the year ended June 30, 2014 was \$20,014.

The Commission has reported \$63,593 of the governmental fund balance as restricted for debt service to cover the fiscal year 2015 lease payments.

| Total long-term liabilities and compensated absences | \$ 520,824           | \$ 149,661      | <u>\$ (184,612</u> )     | <u>\$ 485,873</u>     | \$ 176,943             |  |  |

For the governmental activities, compensated absences are generally liquidated in the Internal Service Fund.

#### **NOTE 11 – LITIGATION**

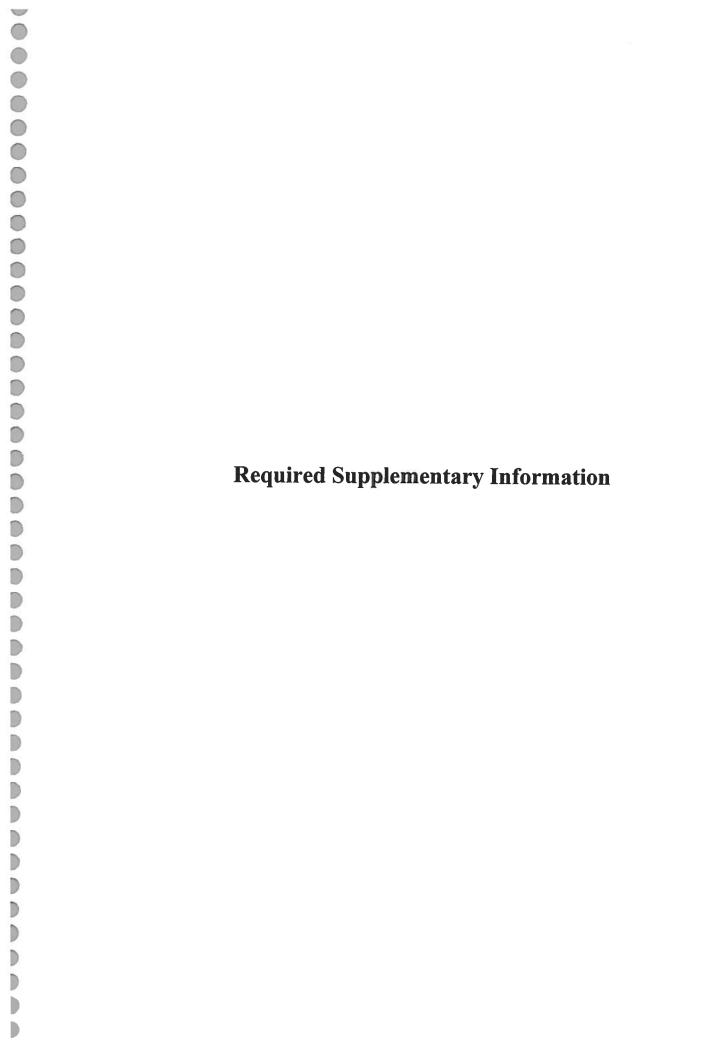

The Commission is involved in one pending claim which has arisen in the ordinary course of its business and has not been fully adjudicated. In the opinion of management, this claim and legal action are covered by insurance and the ultimate resolution of this matter will not have a material effect on the Commission's financial position or change in net position/fund balance.

1

1

# **NOTE 12 - CONCENTRATION OF RISK**

The Commission received approximately 58 percent and 25 percent of its federal funding from the U.S. Department of Health & Human Services relating to their transportation and aging programs and the Department of Labor relating to their workforce investment act programs in 2014, respectively. A significant reduction in the level of funding, if this were to occur, may have an effect on the Commission's programs and activities.

The Council Members
Three Rivers Regional Commission

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Three Rivers Regional Commission (the "Commission") as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements, and have issued our report thereon dated December 11, 2014.

### Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Commission's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control. Accordingly, we do not express an opinion on the effectiveness of the Commission's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

1

1

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Commission's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purposes.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

Tower Place, Suite 2600 3340 Peachtree Road, NE Atlanta, Georgia 30326 404.264.1700 main 404.264.9968 FAX

Independent Auditors' Report on Compliance for Each Major Program and on Internal Control Over Compliance Required by OMB Circular A-133

The Council Members
Three Rivers Regional Commission

### Report on Compliance for Each Major Federal Program

We have audited Three Rivers Regional Commission's (the "Commission") compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the Commission's major federal programs for the year ended June 30, 2014. The Commission's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

### Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its federal program.

### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Commission's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States*, *Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Commission's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Commission's compliance with those requirements.

### Opinion on Each Major Federal Program

In our opinion, Three Rivers Regional Commission complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.

### **Other Matters**

The results of our auditing procedures disclosed an instance of noncompliance, which is required to be reported in accordance with OMB Circular A-133 and which is described in the accompanying schedule of findings and questioned costs as item 2014-001. Our opinion on each major federal program is not modified with respect to this matter.

The Commission's response to the noncompliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The Commission's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

### Report on Internal Control Over Compliance

Management of the Commission is responsible for establishing and maintaining effective internal control over compliance with the type of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Commission's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Commission's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

### NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

June 30, 2014

## NOTE 1 – BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### A. Basis of Presentation

The accompanying schedule of expenditures of federal awards presents the activity of all federal financial assistance programs of Three Rivers Regional Commission (the "Commission") is presented using the accrual basis of accounting. Expenditures of federal awards are recognized as incurred. The reporting entity is defined in Note 1A to the Commission's basic financial statements. Federal financial assistance received directly from federal agencies and federal assistance passed through other government agencies are included on this schedule.

The information reported on this schedule is presented in accordance with the requirements of OMB Circular A-133. Therefore, some amounts presented in this schedule may differ from amounts present in, or used in the preparation of, the basic financial statements.

### B. Subrecipients

Of the federal expenditures presented in the schedule, the Commission provides federal awards to subrecipients as follows:

| CFDA               | Federal Grantor/Pass-Through              | Amount     |
|--------------------|---|------------|
| Number             | Grantor/Program or Cluster Title          | Awarded    |
| 20.513, 20.516 and |   |            |
| 20.521             | Transit Services Program Cluster          | \$ 220,950 |
| 84.126             | Coordinated Transportation                | 34,562     |
| 93.667             | Coordinated Transportation                | 409,475    |
| 93.558             | Coordinated Transportation                | 69,632     |
| 93.044             | Coordinated Transportation                | 99,271     |
| 93.044, 93.045 and |   |            |
| 93.053             | Aging Cluster                             | 1,319,607  |
| 93.778             | Aging Services                            | 561,301    |
| 93.667             | Aging Services                            | 56,477     |
| 93.042             | Aging Services                            | 13,100     |
| 93.052             | Aging Services                            | 113,361    |
| 93,791             | Aging Services - Money Follows the Person | 11,273     |
| 93.048             | Powerful Tools & The Village              | 14,888     |
| 17.258, 17.278 and |   |            |
| 17.259             | Workforce Cluster                         | 926,103    |

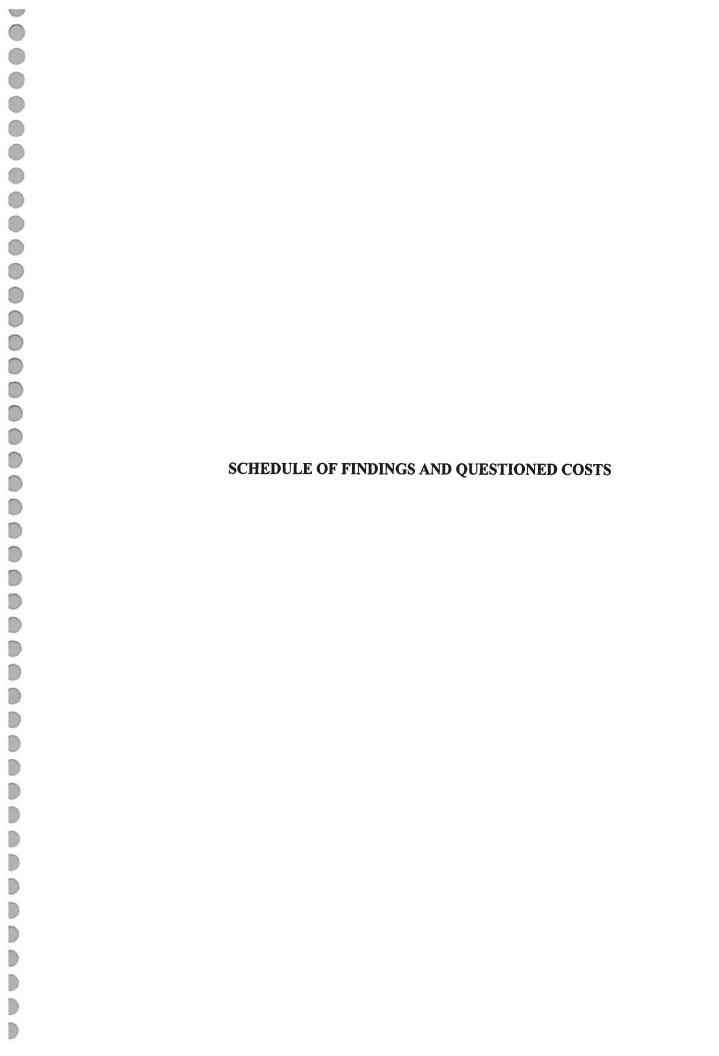

### C. Funding Sources

Special Programs for the Aging - Title III Part B and the Social Services Block Grant within the Coordinated Transportation and Aging Services contracts were combined for major program determination. For major program determination, total expenditures for the Special Programs for the Aging - Title III Part B and the Social Services Block Grant are \$486,375 and \$485,723, respectively.

| Auditee qualified as low-risk auditee? Yes   |  |  |  |  |  |  |  |

### **SECTION II - Financial Statement Findings**

No matters are reported as financial statement findings or questioned costs related to the financial statements reported in accordance with *Government Auditing Standards* for the year ended June 30, 2014.

### SECTION III - Federal Award Findings and Questioned Costs

2014-001 Recertification of Eligibility for Participants

**Senior Community Service Employment Program** 

**CFDA 17.235** 

Criteria In accordance with Title 20 of the Code of Federal Regulations, Section

641.505, participants in the Senior Community Service Employment Program, ("SCSEP") must have their eligibility verified through certification

upon initial enrollment and then recertified once every 12 calendar months.

Condition During the period under audit, we selected 10 participants in SCSEP to

determine if recertifications were completed within the required 12 month timeframe from initial certification or the most recent recertification. Of the 10 participants selected for testing, we noted one participant whose

recertification was not completed within the required 12 month timeframe.

Effect For the participant noted above, recertification was completed six days after

the required 12 month timeframe. Upon completion of the recertification, the participant was determined to be eligible for the benefits received between

the required recertification date and actual completion of the recertification.

Cause The prior year audit noted that the Commission did not have controls in place

to properly ensure recertifications were completed at least once per 12 calendar months. The Commission implemented procedures in the current year to address the prior year finding. This appears to be an isolated incident. Controls were improved during the current year to reduce the instances to

one.

Recommendation We recommend the Commission continue to implement its policies and

procedures to ensure all participants are recertified within the required

12 month period.

Management

Response The Commission concurs with this finding. The Supervisor for the Title V

Coordinator will create a tickler file to alert Title V Coordinator of recertification's due at least one month prior to the anniversary date of each participant. This new procedure will ensure all recertifications are completed

at least once every 12 calendar months.

### SCHEDULE OF PRIOR YEAR FINDINGS AND QUESTIONED COSTS

For the year ended June 30, 2014

2013-001 Recertification of Eligibility for Participants

**Senior Community Service Employment Program** 

CFDA 17.235

Criteria In accordance with Title 20 of the Code of Federal Regulations,

Section 641.505, participants in the Senior Community Service Employment Program, ("SCSEP") must have their eligibility verified through certification upon initial enrollment and then recertified once every 12 calendar months.

Condition During the prior year under audit, we selected eight participants in SCSEP to

determine if recertifications were completed within the required 12 month timeframe from initial certification or the most recent recertification. Of the eight participants selected for testing, we noted two participants whose

certifications were not completed within the required 12 month timeframe.

**Status** Partially Resolved. See 2014-001.
